

Exhibit No. 11

Cheri Meadows – Exhibit 11
Photos-Animals on driveway
File No. EC-2025-0136

Bill

These are pictures I've taken over the years of some of the walks I've taken with my animals. I do not put any toxic chemicals of any kind in or on them. I do not use any toxic chemicals on my yard or drive and I do not want my animals exposed to any harm of any kind from this line.

With so many animals being dumped and abandoned that I take in and care for, I also do not want my own health or safety compromised by this line over my drive and property where we walk daily.
