Cheri Meadows – Exhibit 26  
Drone photo of Southern section of property  
File No. EC-2025-0136

This is the southerly view from over my land. As you can see, there are no mature trees, residences, or structures of any kind present on the parcel. The pond is approximately 1 acre. By moving the line onto this open and uninhabited parcel, all of the worry, risks, and destruction that will be inflicted on me and my property will cease to exist.
