A. Billed Number Screening Service (BNS)

1. Billed Number Screening Service (BNS) is available to subscribers of the Company's local exchange services. This service prevents the billing of incoming collect and/or third number billed calls to a customer's telephone account.
2. The Company makes no guarantee and assumes no liability for the accuracy of Billed Number Screening Service. The customer agrees fully and completely to indemnify and save harmless the Company, its successors and assigns, from and against any and every claim, loss, damage, suit or liability arising out of the furnishing or failure to furnish Billed Number Screening Service.
3. Billed Number Screening Service is offered subject to the availability of suitable facilities. It is available to all classes of business and residence services.
4. The minimum contract period for Billed Number Screening Service is one month.
5. Rates and Charges
 - a. The following rates and charges apply to the provisioning of Billed Number Screening Service and are in addition to all other applicable charges as specified elsewhere in this Tariff. A Subsequent Service Order Charge applies as specified in this Tariff.

B. Selective Class of Call Screening Service

**MISSOURI
Public Service Commission**

1. Selective Class of Call Screening is an optional service available to the Company's local exchange service customers and is offered on a per line basis. The service is offered to provide customers with a choice of originating screening options. The screening provides information that will allow the restriction of originating operator-handled toll calls to be billed outgoing to a credit card, a third number or to the called party.
 - a. The customer will specify, at the time of the order, the restriction or restrictions desired. The customer may specify any combination of the following to restrict the billing of outgoing toll calls to:
 - A Credit Card
 - A Third Number
 - Collect to the Called Number
 - b. This service provides for information designating the customer's line as having a requirement for special billing and defines these requirements for the BPS operator.
 - c. The Company makes no guarantee and assumes no liability for the accuracy of Selective Class of Call Screening Service for calls outside the Cass calling area. The customer agrees fully and completely to indemnify and save harmless the Company, its successors and assigns, from and against any and every claim, loss, damage, suit or liability arising out of the furnishing or failure to furnish Selective Class of Call Screening Service.
 - d. The minimum period for Selective Class of Call Screening Service is one month.
 - e. All local calls and calls to Company numbers, such as repair, Directory Assistance, and public emergency service numbers such as 9-1-1 will be permitted.
 - f. Selective Class of Call Screening Service is offered subject to the availability of suitable facilities.

C. Toll Blocking Service

MO. PUBLIC SERVICE COMMISSION

1. Toll Blocking Service is a central office service that restricts one plus (1+), International (011+), zero plus (0+) and/or zero minus (0-) calling. Calls to 8XX-INWATS Service will not be restricted under Option 1 and 2(1+8XX-INWATS). Restricted calls are directed to a central office announcement. (T)
2. Three Toll Blocking Service options are available: (C)
 - a. Option 1 - Restricts any direct dialed one plus (1+) or direct dialed International (011+) call. This includes directory assistance (1+411, 1+555-1212, 1+NPA+555-1212). Option 1 also includes Originating Line Screening which allows outgoing intraLATA toll calls to be charged to the called telephone, a third number, or a credit card account.
 - b. Option 2 - Restricts any direct dialed one plus (1+) or direct dialed International (011+) calls. This includes directory assistance (1+411, 1+555-1212, 1+NPA+555-1212). Option 2 also restricts any local or long distance zero plus (0+) or zero minus (0-) call. If 9-1-1 service is not available in an exchange, zero minus (0-) calls will be restricted to local operator assisted emergency calls.
 - c. Option 3 - Restricts any direct dialed one plus (1+) or direct dialed International (011+) call. This includes directory assistance (1+411, 1+555-1212, 1+NPA+555-1212). Option 3 also restricts any local or long distance zero plus (0+) or zero minus (0-) call. Option 3 includes the restriction of 8XX-INWATS. (N)
3. Toll Blocking Service will be provided to residence and business individual line customers. This service will not be provided on party lines, trunks or Centrex lines.
4. Toll Blocking Service is offered subject to the availability of suitable facilities and is limited to central offices specifically equipped to provide this service.

E. 700 Blocking Service

1. 700 Blocking Service provides residence and business customers with the ability to block access from a particular network access line to all telephone numbers for which the 700 NPA must be dialed.

The service is classified as a local exchange telecommunications service.

2. The Company's obligation to furnish network facilities for 700 Blocking Service is dependent upon the availability of suitable facilities. Because of central office and other facility limitations, it may not be possible for the Company to provide all of the services that may be requested.

3. 700 Blocking Service is available only for blocking access to all 700 NPA telephone numbers from a particular network access line, and not for blocking access to a specific 700 NPA telephone number.

4. Rates and Charges

- a. The Subsequent Service Order Charge as stated in this Tariff is applicable to the initial business line blocked (GSEC -- BLK 700). Each additional line is subject to an additional charge as follows:

	<u>GSEC</u>	<u>Nonrecurring Charge</u>
1) Business, per additional line	NBLK	\$ 4.00
2) Residence, per additional line	-	-

- b. If 700, 900 and 976 Blocking Service are ordered at the same time only one Subsequent Service Order Charge or Nonrecurring Charge applies per line.

F. 900 Blocking Service

**MISSOURI
Public Service Commission**

1. General

900 Blocking Service provides residence and business customers with the ability to block access from a particular network access line to all telephone numbers for which the 900 NPA must be dialed.

This service is classified as a local exchange telecommunications service.

2. Conditions

a. The Company's obligation to furnish network facilities for 900 Blocking Service is dependent upon the availability of suitable facilities. Because of central office and other facility limitations, it may not be possible for the Company to provide all of the services that may be requested.

b. 900 Blocking Service is available only for blocking access to all 900 NPA telephone numbers from a particular network access line, and not for blocking access to a specific 900 NPA telephone number.

3. Rates and Charges

a. The Subsequent Service Order Charge as stated in Section 5 of this Tariff is applicable to the initial business line blocked (GSEC -- BLK 900). Each additional line is subject to an additional charge as follows:

	<u>GSEC</u>	<u>Nonrecurring Charge</u>
1) Business, per additional line	NBLK	\$4.00
2) Residence	-	-

b. If 700, 900 and 976 Blocking Service are ordered at the same time, only one Subsequent Service Charge or Nonrecurring Charge applies per line.

G. 976 Blocking Service

1. General

976 Blocking Service provides residence and business customers with the ability to block access from a particular network access line to all telephone numbers for which the prefix 976 (1+NPA+976 or 1+976) must be dialed.

This service is classified as a local exchange telecommunications service.

2. Conditions

a. The Company's obligation to furnish network facilities for 976 Blocking Service is dependent upon the availability of suitable facilities. Because of central office and other facility limitations, it may not be possible for the Company to provide all of the services that may be requested.

b. 976 Blocking Service is available only for blocking access to all 976 prefix telephone numbers from a particular network access line, and not for blocking access to a specific 976 prefix telephone number.

3. Rates and Charges

a. The Subsequent Service Order Charge as stated in Section 5 of this Tariff is applicable to the initial business line blocked (GSEC -- BLK 976). Each additional line is subject to an additional charge as follows:

	<u>GSEC</u>	<u>Nonrecurring Charge</u>
1) Business, per additional line	NBLK	\$4.00

CUSTOMIZED NUMBER SERVICE**MISSOURI
Public Service Commission**

A. General

1. Customers of the Company may request assignment of specific telephone numbers. If the telephone number or numbers requested by the customer are available, the Company may assign the number to the customer.
2. The Company will do its utmost to protect specific number assignments requested by the customer from changing. However, unavoidable circumstances may arise where the number assignment may need to be altered. In these instances, the Company reserves and retains the right:
 - a. To discontinue, change or reassign telephone numbers in any exchange area whenever it deems it necessary or appropriate in the conduct of its business, or in accordance with the rules and procedures of the Company. If this should occur, the Customized Number Service Charge will not be refunded to the customer.
 - b. To reject any request for specific telephone numbers for any reason, including but not limited to: relocation of a central office, limited central office capacity, or numbers that may, in the Company's sole opinion, be offensive to the public.
 - c. Of ownership of all telephone numbers and prohibits the assignment of a telephone number by or from any customer to another, except as otherwise provided in this Tariff.

B. Conditions

1. The Customized Number Service charge applies whenever a customer:
 - a. Requests a telephone number other than the next available number from the allocation list, and such requested number is placed into service within six months of the date of the request.
 - b. Requests a number change from their present number to a customized telephone number.

CUSTOMIZED NUMBER SERVICE**MISSOURI
Public Service Commission**

B. Conditions (Cont'd)

2. The Customized Number Service charge does not apply whenever a customer:
 - a. Requests assignment of the same telephone number that had been previously assigned to that customer.
3. Customized Number Service includes a standard directory listing consisting of the customer's name, address and telephone number. It does not include a directory listing where the number is reflected in alphabetical characters.
4. The Company shall not be liable to any customer for direct or indirect or consequential damages caused by a failure of service, change of number or assignment of a requested number to another customer whether prior to or after establishment of service. In any case the Company shall not be liable to any person, firm or corporation for an amount greater than such person, firm or corporation has actually paid to the Company for the Customized Number Service.

GENERAL SERVICESDIRECT INWARD DIALING SERVICE (DID)**MISSOURI
Public Service Commission**

A. General

1. Direct Inward Dialing Service to customer premises located switching systems is furnished subject to the availability of facilities and the availability of telephone numbers.
2. The service includes the central office switching equipment necessary for direct inward dialing from the exchange and long distance message telecommunications network directly to terminal equipment associated with customer premises located switching systems.
3. The service must be provided on all lines in a trunk or network access line group arranged for inward service. Routing of calls to selected numbers within the direct inward dialing number group over a separate trunk or network access line group is not contemplated.
4. The charges for the service, as provided in B. Rates following, are in addition to all applicable charges for PBX/PABX service with which this service is associated and the applicable network access line and service charges.
5. Operational characteristics of interface signal between the Company-provided connecting arrangements and the customer-provided switching equipment must conform to the rules and regulations the Company considers necessary to maintain proper standards of service.
6. The Company shall not be responsible to the customer or authorized user or joint user if changes in protection criteria or in any of the facilities, operations or procedures of the Company render any facilities provided by a customer, authorized user or joint user obsolete or require modification or alteration of such equipment or system or otherwise affect its use or performance.
7. Direct-in-dial Trunks may be provided in the quantity determined by the Company to be sufficient for adequate service, only in exchanges where the Central Office is equipped for such service. When otherwise provided, Direct-in-dial Trunks will be furnished at rates based on cost.

GENERAL SERVICESEMERGENCY CONFERENCE SERVICE**MISSOURI
Public Service Commission**

A. General

1. Emergency Conference Service is furnished in the interest of the public safety by means of equipment located in a central office of the Company. These Conference/Alerting Systems are multistation ringdown telephone conference circuits designed primarily for use in local emergency reporting and alerting applications. These systems provide simultaneous access to up to 60 local stations either from a dedicated telephone (i.e., a "master" station) or from any local telephone via a listed directory number.
2. The systems, in their reporting and alerting capacities, provide volunteer firemen and other emergency teams with emergency conferencing capabilities.

B. Conditions

1. This service will normally be furnished in connection with individual line service. At the option of the Company when equipment and facilities permit, service may be furnished to party-line customers.
2. Emergency Conference Service will be contracted for a minimum service period of five years.
3. Such Emergency Conference equipment is not to be used for performing any function other than the reporting or dissemination of information of an emergency nature.
4. Service Charges apply in addition to the nonrecurring charges.
5. To expand from one system to the next system, i.e. Type 10 to Type 20, the customer will be charged the difference between their previously paid nonrecurring charge and the new nonrecurring charge.

GENERAL AND LOCAL EXCHANGE TARIFF

GENERAL SERVICES

EMPLOYEES' TELEPHONE SERVICE

This tariff is applicable to: **FairPoint Communications Missouri, Inc. d/b/a FairPoint Communications** ("Company") Employees.

A. Discounted Service

1. Upon proper Company approval, employees of the Company, and retired employees of the Company who are receiving pensions under established pension plans of the Company, may be granted a concession in the rates for local exchange service and/or associated features furnished in connection with telephone service at their place of residence. Said concessions, and the conditions, rates and charges applicable thereto, may be implemented or terminated by Company, in its sole discretion, at any time.

GENERAL SERVICESEMPLOYEES' TELEPHONE SERVICE**MISSOURI
Public Service Commission**

This tariff is applicable to: CASS COUNTY TELEPHONE Employees.

A. General

1. Regular full time and qualified part-time employees of the Company are granted a concession in the rates for local exchange service furnished in connection with telephone service at their place of residence, and for retired employees of the Company who are receiving pensions under established pension plans of the Company.

B. Conditions

1. Employees' Telephone Service at their residence is available to employees of the Company having at least three months continuous credited service with the Company. Management support and qualified part-time employees must have at least six months of service with the Company. To qualify, a part-time employee must have 1,040 hours of service.
2. The employee's place of residence must be within the territory served by an exchange of the Company and so located that it may be served by means of available facilities or without undue cost.
3. Concession rates are not allowed when the employee resides in a boarding and/or rooming house unless the telephone service is installed in the employee's private room and it is not available to other occupants of such a house.
4. The primary listing must be a published listing and must be in the name of the employee as it appears on the personnel records of the Company, except that the listing of a married individual may be in the name of the individual or in the name of the spouse.
5. Concession service shall not be installed or upgraded at the expense of regular customers.

C. Rates and Charges

1. Salaried employees and all regular full-time and qualified part-time hourly paid employees with 20 or more years of accredited service are provided 100% concession on rates for their residence local service, flat rate or usage sensitive (where available), and Service Charges to establish local service.

GENERAL SERVICESFOREIGN EXCHANGE SERVICE**MISSOURI
Public Service Commission**

A. General

1. Foreign Exchange Service is exchange service furnished to a customer from an exchange other than the one in which he is located.
2. Foreign Exchange Service does not come within the Company's general undertaking, nor does the Company obligate itself to furnish such service generally, but will do so where facilities of such a character are available as will permit satisfactory telephone transmission. It will not be provided when there may be a resulting impairment of service or when undue expense is involved.

B. Conditions

1. Foreign Exchange Service is offered between all exchanges of this Company and other companies located within the same LATA. It will be furnished jointly with other companies only when those companies agree to furnish service in accordance with the provisions contained in this tariff.
2. Only individual central office access line, PBX or Key trunk foreign exchange service is furnished.
3. Off-premises services will be furnished in accordance with the tariff provisions of the local exchange, providing facilities and operating conditions permit. Off-premises service will be furnished only for the use of the foreign exchange customer.
4. If the customer is located outside of the Base Rate Area zone or mileage rates are applicable.
5. Calls beyond the local calling area of the service exchange will not be permitted. Local calling area is considered to be the line terminations served by the serving exchange, plus any extended area service which may be provided from the serving exchange.
6. Customers to Foreign Exchange service are required to take access service from the local exchange of which service would normally be rendered.

GENERAL SERVICESSHARED TENANT SERVICE**MISSOURI
Public Service Commission**

A. General

1. Shared Tenant Service (STS) is the provision of local exchange access services by the Company, to the STS customer at an STS building for the purpose of the STS customer reselling or sharing the service with the STS subscribers.
2. Shared Tenant Service equipment must meet state and federal codes with respect to telecommunications equipment. The STS customer must provide access to police, fire, 911 and other emergency services, where available; and must permit access to all Interexchange Carriers.

B. Definitions

1. The following definitions apply to Shared Tenant Service.

Shared Tenant Service Customer - Any person, corporation or other entity that provides STS within a user group and that is certificated to do so by the Missouri Public Service Commission (MPSC).

Shared Tenant Service Subscriber - Any person, corporation or other entity occupying an STS building and furnished telephone service by the STS customer.

Shared Tenant Service Building - A structure under one roof on one premise, which is wholly located in a single Company exchange and/or wire center and in which telephone service to STS subscribers is provided by an STS customer. Two or more structures on one premise which are connected by an enclosed or covered passageway are not considered a single STS building. STS may be provided in less than a building but it must be confined to a contiguous premise. Exceptions to this provision must be approved by the Missouri Public Service Commission.

New Shared Tenant Service Building - For the purpose of this tariff, a newly constructed building is defined as one in which the Company has not previously provided permanent distribution facilities adequate to serve the occupants of the building. The provision of service to contractors during the building's construction is not considered permanent distribution facilities.

Public Service Commission**

C. Conditions

1. Shared Tenant Service is provided for the exclusive use of the STS customer, his employees and his STS subscribers.
2. The STS customer may only offer Shared Tenant Service to the occupants of a single STS building and not to members of the general public.
3. Application for Shared Tenant Service, and application for changes in the service, must be made by the STS customer. The STS customer is responsible for payment of all charges incurred, whether such charges are associated with services provided for the use of the STS customer or services provided for the use of STS subscribers that are served by the STS arrangement. The STS customer has total responsibility for the administration, control and utilization of the resale and sharing of the service.
4. If the Shared Tenant Service customer files an application for certification and/or a waiver of the single building limitations with the Missouri Public Service Commission, a copy of the application and/or waiver request(s) must be sent concurrently to the Legal Department of Cass County Telephone by the STS customer.
5. Where a resale or sharing arrangement is suspected at a location that is not authorized to be Shared Tenant Service, the Company will notify the Missouri Public Service Commission. If the customer fails to seek certification from the Commission to provide Shared Tenant Service, the Company shall have the right to terminate such service.
6. The service furnished to the STS customer shall always be classified as a business service for the purpose of the application of tariff rates.
7. A Shared Tenant Service customer is entitled to one business listing in the alphabetical and classified sections of the directory. When requested by the STS customer, additional listings, as specified in this Tariff, may be provided for the STS subscribers. Additional listings will be charged at business rates.

8. Reserved for Future Use.
9. The Shared Tenant Service Customer must utilize a Private Branch Exchange (PBX) which is registered with the Federal Communications Commission (FCC) and riser cable which conforms to all electrical codes and the Company's technical standards for riser cable or transmission facilities.
10. The Shared Tenant service customer may furnish his services through one or more PBXs but is restricted to the authorized limitations of the STS building as defined by this Tariff or under a Commission approved waiver. If there is more than one PBX, the Company is required to provide only one point of termination.
11. The Company will terminate its facilities and locate the network interface at an STS building in accordance with existing tariffs and FCC rules and regulations, and will not be responsible for service quality beyond the interconnection (network interface) with the STS customer's equipment.
12. The provision of service to an STS customer for the purpose of resale or sharing shall in no way reduce the rights of the Company nor impose additional responsibility or liability upon the Company with respect to suspension or discontinuance of service for reasons of, but not limited to, impairment of service, abandonment, abuse or nonpayment of charges.
13. In order to provide service to any customer wanting service directly from the Company at any STS building, the STS customer or building owner will:
 - a. Provide the Company without charge immediate and continuing right-to-use of the riser cable and other facilities within the STS. building, not owned by the Company, necessary to serve its customers.

C. Conditions (Cont'd)

17. Service arrangements furnished to accredited public and private educational institutions which provide telecommunication services to students, faculty members or employees residing in dormitories or other residential quarters owned, leased or under control of the educational institution are not considered to be Shared Tenant Service arrangements.
18. When a Shared Tenant Service customer is in violation of any of the provisions in this section, the Company will promptly notify the STS customer of the violation. The STS customer shall correct the violation and shall confirm in writing to the Company within ten (10) days, following the receipt of written notice, that the violation has been corrected. Failure of the STS customer to correct the violation and to give the required written confirmation to the Company within the time stated above shall result in suspension of the STS customer's service until such time as the STS customer complies with the provisions of this Tariff.

D. Provisioning of Service

1. Provisioning of Shared Tenant Service consists of the serving central office line equipment, all outside plant facilities needed to connect the Company's serving central office with the STS building and the network interface. These facilities are provided, maintained by and shall remain the property of the Company and provide access to and from the telecommunications network for both long distance service and local calling.
2. The STS customer must provide the Company a written estimate of the type and number of facilities which will be required to service the STS customer's building. In newly constructed buildings, as defined in Paragraph B.4, this estimate must be furnished to the Company at least 180 days prior to the establishment of the Shared Tenant Service.

3. In the event an STS customer requests service in a newly constructed building, as defined in Paragraph B.4, in less than 180 days prior to the requested in-service date, the STS customer will be responsible for the incremental cost of any facilities, in excess of the facilities requested, which the Company may have already constructed in anticipation of providing service directly to the occupants of the building. Payment of these charges must be received before STS will be provided to the STS customer.
4. Charges for service connections, moves, removals and changes apply in addition to any other applicable charges as set forth in this and other Company tariffs.
5. Charges and rates for directory assistance calls, as provided by the Company, are set forth in this Tariff.
6. The Shared Tenant Service customer assumes the total and exclusive responsibility for compliance with all rules and regulations governing the use of the service including the use of service by the STS customer's subscribers.
7. Customer provided semi-public telephone instruments shall access the local exchange telephone network through a separate access line provided directly by the Company and may not be provided as a station behind a PBX.
8. The Company's responsibility for the provision of exchange service, private line service, data service or other facility type services ends at the point of connection (network interface) to the STS customer's PBX and does not extend to STS subscribers.

E. Obligations of the Shared Tenant Service Customer

1. In addition to the obligations set forth in this Tariff, Shared Tenant Service customers shall have the following obligations:
 - a. The Shared Tenant Service customer must comply with all applicable federal, state and local laws and regulations concerning the use of telephone service to disabled and/or hearing impaired persons.
 - b. The Shared Tenant Service customer shall provide to the Company the number of access lines and types of service provided, and the location of the STS subscribers he serves.
 - c. The Shared Tenant Service customer shall notify its STS subscribers in writing, that they have no right to retain any telephone number associated with the service, and that if any STS subscriber ceases utilization of the STS customer's service, that subscriber will not be permitted to retain the same telephone number.
 - d. The Shared Tenant Service customer will indemnify and hold the Company harmless for any damage to STS subscribers, the building owner, subsequent tenants and subsequent purchasers of the building resulting from compliance with the STS customer's requests or the terms of this Tariff.
 - e. Whenever "notice" is required, the Company will be responsible to give notice only to the STS customer or its authorized agent. The STS customer will notify its subscribers as necessary.
 - f. The Shared Tenant Service customer will be solely responsible for referral of calls for a reasonable period of time in the event an STS subscriber relocates outside the STS building or obtains telephone service from the Company or others.
 - g. The Shared Tenant Service customer must use only riser cable that meets the Company's technical standards for riser cable or transmission facilities. The Company has the right to inspect the riser cable before the connection of service to the STS customer, to verify that the Company's technical standards have been met. The Missouri Public Service Commission shall have the power to require the STS customer to comply with these standards.

SHARED TENANT SERVICE**MISSOURI
Public Service Commission**

E. Obligations of the Shared Tenant Service Customer (Company)

- h. All charges associated with Shared Tenant Service will be billed to the STS customer and he is responsible for the direct payment of these charges. The applicable Rules and Regulations, regarding bill payments and suspensions are included in Section 2 of this Tariff. In the event the STS customer receives notice from the Company of pending service suspension, the STS customer will have sole responsibility to notify its STS subscribers at least two (2) days prior to the date of the pending suspension.
- i. The Shared Tenant Service customer is solely responsible for any allocation, proration or distribution of any charges billed to him by the Company.
- j. All trouble reports are to be directed to the Company by the STS customer.
- k. In an existing building which is converted to Shared Tenant Service, the STS customer must notify in writing, ninety (90) days prior to the establishment of STS, any existing Company customers that they may continue to receive service from the Company. A copy of the notice should be provided to the Company.
- l. In the event a Shared Tenant Service customer intends to discontinue the provision of resold and/or shared local exchange service to its STS building, the STS customer must provide both the Company and all STS subscribers written notice of its intended discontinuance at least 180 days prior to the proposed discontinuance.

F. Rates and Charges

- 1. PBX rates for Shared Tenant Service are those as specified in Section 4 of this Tariff.
- 2. Rates for services other than Shared Tenant Service are those as specified in the appropriate tariffs of the Company.

2. Regulations

- k. The Voice Advantage Bundles are offered only to residential customers for the customer's personal, residential, non-business and non-professional use. Use of the Voice Advantage Bundle is prohibited for any profit or nonprofit commercial or governmental activities, including, but not limited to, activities related to home office, business, sales, telecommuting, telemarketing, continuous autodialing, fax broadcast, fax blasting, resale or transfer of the Voice Advantage Bundle or any other activity that would be inconsistent with the normal residential voice-grade applications and usage patterns. If it is determined that the usage on the Voice Advantage Bundle is not consistent with residential applications or is otherwise prohibited as specified in this tariff, FairPoint Communications Missouri, Inc. d/b/a/ FairPoint Communications will contact the customer and arrange a transfer to a business service or terminate service under the residential Voice Advantage Bundle. Additional restrictions may apply as provided elsewhere in the tariff.
- l. Customers enrolled in the Voice Advantage Bundles, who fail to pay the entire bundle rate due per month, will have all existing Voice Advantage Bundles converted to the applicable tariff rates for the individual services included in their bundle. Service charges will not apply for converting services back to their individual tariff rates. Such customers will not be permitted to re-enroll in the Voice Advantage Bundle until such time as all associated unpaid balances have been paid in full.
- m. Voice Advantage Bundle customers have the option of subscribing to Voice Mail* and Internet* products at discounted rates.

3. Rates and Charges

- a. Subscribers to any of the Voice Advantage Bundles may upgrade their bundle for an additional \$5.00 per month to include:
 - 1. Three-Way Calling
 - 2. Unidentified Call Rejection
 - 3. Automatic Busy Redial - Unlimited
 - 4. Automatic Call Return - Unlimited
 - 5. Call Forwarding - All Calls
- b. Voice Advantage Basic² \$16.77¹ (I)
- c. Voice Advantage 600² \$16.77¹ (I)
- d. Voice Advantage Unlimited² \$16.77¹ (I)
- e. All IntraLATA and InterLATA minutes in excess of minutes included in the bundles \$.10 per minute*

* Denotes non-regulated service

¹This price does not include the deregulated intralata and interlata components.

²Effective December 1, 2013, Voice Advantage Bundles will no longer be available to new customers. Existing Voice Advantage Bundles customers will be allowed to keep their Voice Advantage Bundles at their current service location under the same billing party. No changes to or additions of services to the existing Voice Advantage Bundles are allowed.

2. Regulations (Cont'd)

- g. Unlimited Dial Tone Line (DTL) and Unlimited Centrex Basic Packages are not available in combination with other regional optional calling plans or virtual private network services.
- h. Unlimited Dial Tone Line (DTL) and Unlimited Centrex Basic Packages are not available with services provided under a special contract.
- i. All regulations applicable to Centrex Service apply to that service when offered with the Unlimited Centrex Basic Package.
- j. There is a 12 month minimum service requirement for the Unlimited Dial Tone Line (DTL) and Unlimited Centrex Basic Package lines in this service bundle. If the customer disconnects a Basic Package line within the first 60 days of service, they will be responsible for additional charges described in the Termination Liability section (See C.3). Expansion lines offered on a month-to-month basis would not have an applicable minimum service requirement.
- k. Unlimited Dial Tone Line (DTL) and Unlimited Centrex Basic Packages may only be used for voice applications and may not be used for the transmission of data, for dial-up internet connections, or for any other non-voice application. These services may not be used for autodialing. The Telephone Company reserves the right to restrict the number of other services and/or equipment furnished or used in connection with any particular class of service in order to prevent any impairment in the quality of service furnished.
- l. Customers enrolled in the ExpansionPAK II Bundles, who fail to pay the entire bundle rate due per month, will have all existing ExpansionPAK II Bundles converted to the applicable tariff rates for the individual services included in their bundle. Service changes will not apply for converting service back to their individual tariff rates. Such customers will not be permitted to re-enroll in the ExpansionPAK II Bundle until such time as all associated unpaid balance has been paid in full.
- m. Applicable Initial Connection and Central Office Work Charges will be waived for the initial installation of Unlimited Dial Tone (DTL) and Unlimited Centrex Basic Package when the customer subscribes to any term agreement.

- d. If the customer cancels all of the Centrex Expansion Lines, the Centrex Basic Line will revert to the individual rate and/or the tariff rate associated with that component.
- e. There is a 12 month minimum service requirement for the Unlimited Dial Tone (DTL) and Unlimited Centrex Basic Package lines in this service bundle. If the customer disconnects a Basic Service Package line within the first 60 days of service, they will be responsible for installation charges. Expansion lines offered on a month-to-month basis would not have an applicable minimum service requirement.

3. Termination Liability (Cont'd)

- f. At the end of the term or any subsequent renewal, the agreement will automatically be renewed for a successive one, two or three year term at the same terms and conditions unless either party provides advance notice that it does not wish to renew the term. Each subsequent renewal will allow for a 60 day grace period for the subscriber to unsubscribe from the plan without penalty. Pricing will remain the same during any automatic renewal unless the Telephone Company has provided 30 day notice of any change. Customers can move from a shorter term to a longer term without incurring a penalty.

SERVICE BUNDLES (Cont'd)

D. Voice Advantage II Bundles

1. Description

These bundles provide residential customers with the option of subscribing to service packages that provide a dial tone access line, local usage, IntraLATA toll usage, and InterLATA toll usage* for a single bundled rate.

Toll Usage Options:

1. Voice Advantage II Unlimited – includes unlimited minutes of combined IntraLATA and InterLATA usage

2. Regulations

- a. Voice Advantage II Bundles are only available to residential customers.
- b. Voice Advantage II Bundles are only available to customers who are presubscribed to Consolidated Communications Enterprise Service, Inc. as their primary interexchange carrier for both IntraLATA and InterLATA calling.
- c. Voice Advantage II Bundles are not available in combination with other optional calling plans or private lines.
- d. Voice Advantage II Bundles are not available with services provided under special contract.
- e. Standard installation charges apply.
- f. Long distance calling includes calling to anywhere within the United States, U.S. Territories and Canada.
- g. Voice Advantage II Bundles are available only in areas specifically equipped to provide such service and are subject to the availability and technical limitations of facilities.
- h. Rates do not include Federal Subscriber Line Charges, Universal Service Charges, fees, taxes, and any other applicable surcharges.
- i. Voice Advantage II Bundle customers may terminate the package or switch to another calling package or plan at any time.

* Denotes non-regulated service

MISSOURI
Public Service Commission

1. Centrex Service is a local exchange telecommunications service available only to customers served from suitably equipped central offices. It is a central office based service arrangement which consists of host central office interface equipment and software located on Company premises. This service provides local exchange access, interexchange access, intrasystem communication and Centrex feature packages as set forth in Paragraph A.4. following. A system may not be provided for stand alone service only and access to the Company's Exchange Network must be provided by the Company.
2. If remote units are required to provide switching capabilities for intracommunication purposes, they will be located on Company provided sites located on the customer's premises. Any remote units and all system cabling used in association with Centrex Service are provided by and remain the property of the Company.
3. Centrex Service will be provided under this tariff for a minimum of three Centrex lines up to a maximum of 200 Centrex lines at rates set forth in D. following. Centrex Custom Service will be provided for over 200 lines as set forth in F. following.
4. Centrex Service offers Feature Packages 1000, 2000 or 3000 shown below. Feature capabilities may vary depending on the type of host central office equipment.
 - a. Features provided via Centrex Service from host central office interface equipment and software include:

Basic CENTREX: Automatic Identification of Outward Dial (AIOD), Direct Inward Dialing, Direct Outward Dialing, Distinctive Ringing, Station-to-Station Calling, and Touch Call.

b. Definitions of Features

A customer subscribing to one of the packages may order additional optional features at the rates shown in E.1 following.

Basic Centrex Service includes the following basic features:

Automatic Identification of Outward Dial (AIOD) - This feature identifies all calls leaving the customer group by the station number from which calls are placed.

Direct Inward Dialing - This feature allows incoming calls from the exchange network to reach a specific station without attendant assistance.

Direct Outward Dialing - This feature allows station users to place external calls to the exchange network without attendant assistance.

Distinctive Ringing - This feature permits a station user to determine by the cadence of the ringing, whether a call is originated internally or externally.

Station-to-Station Calling - This feature allows station users to call each other using abbreviated dialing.

Touch Call - This feature equips all station lines for touch call dialing.

b. Definitions of Features (Cont'd)

Centrex Service Feature Packages 1000, 2000 or 3000 are offered at rates and charges shown following. Feature capabilities may vary depending on the type of host central office equipment. Following are feature series and associated definitions:

Feature Package 1000

Call Alternation - This feature allows a station user to hold one call, make another call, and then talk alternately between the two parties.

Call Forwarding - This feature provides the option of fixed and/or variable forwarding of a station's incoming calls to a predetermined number. Includes all calls or only call reaching a busy or no answer condition (Fixed Forwarding is established and changed by the Telephone Company, whereas variable forwarding is established and changed by the station user.)

Call Hold - This feature allows a station user to place a call in progress on hold.

Call Pick Up-Direct - This feature permits a station user to pick up any ringing station in the business group by dialing a feature code plus the ringing station's intercom number. The ringing station is not required to be in the same pick up group.

Call Pick Up-Extended - This feature permits a station user to dial a code to apply call pick up to groups other than its own.

Call Pick Up-Group - This feature permits a station user to dial a code to answer a call which is ringing at another station within the call pick up group.

Call Waiting/Cancel - This feature cancels Call Waiting for the duration of one call by dialing an access code.

b. Definitions of Features (Cont'd)

Feature Package 1000 (Cont'd)

Call Waiting Originating - This feature allows the party making the call to activate Call Waiting on a busy line at completion of dialing on a per call basis.

Call Waiting Terminating - The feature alerts the called party, with a beep, that an incoming call is waiting.

Call Transfer - This feature allows a station user to transfer a call to another party.

Consultation Hold - This feature allows the initiator of a three way call or transfer to speak privately with the third party before completing the connection.

Directory Number Hunting - This feature activates hunting when any of the directory numbers of the individual lines in the hunt group are called. If that line is busy, hunting will start with that line and continue to the end of the list.

Hunting (Pilot Number) - This feature provides for the distribution of calls in a hunt group.

Hunting (Secretarial) - This feature provides hunting within a department to hunt to the secretary last.

Last Number Redial - This feature allows a station user to redial the last number dialed by utilizing an access code.

Speed Calling 6 (Individual) - This feature allows a user to dial an individual list of selected numbers using an access code and one digit. (Available in the DMS-100/5ESS only)

b. Definitions of Features (Cont'd)

Feature Package 1000 (Cont'd)

Speed Calling 8 (Individual) - This feature allows a user to dial an individual list of selected numbers using one or two digits. (Available in the GTD-5 only)

Station Restriction - This feature allows a station to be fully restricted or semi-restricted. Fully restricted blocks calls to and from the attendant in addition to those from outside the customer business group. Semi-restricted permits the customer to have selected station(s) restricted from receiving any calls from outside the customer business group. Intercom calls and private facilities are accessible.

Three Way Calling - This feature permits a station user using the consultation hold feature to put one party on hold, reach a third party, and bring all three parties together in a three-way connection.

Toll Restriction - This feature prevents customer designated stations from placing any chargeable calls.

b. Definitions of Features (Cont'd)

Feature Package 2000 (The features below are in addition to the Feature Package 1000 Package features)

Automatic Callback - This feature enables a station user encountering a busy station, go on-hook, and be called back when the busy station becomes idle.

Call Park-Multiple - This feature permits a station user to place one or more calls on hold and later retrieve the call (calls) from his station or another station in the customer business group.

Circular Hunting - This feature activates hunting when any of the directory numbers of the individual lines in the hunt group are called. If that line is busy, hunting will begin with that line and continue through the member previous to the one dialed.

Data Line Security - This feature prohibits interruption to a busy line by features such as Call Waiting, Executive Busy Override, etc.

Multiple Classes of Service - This feature assigns each station a class of service which defines its calling privileges and any features restricted from its use.

Saved Number Redial - This feature permits a station user to store a number in memory and then later redial the number using a code.

Speed Call 30 (Group/Shared) - This feature allows members of a customer business group to share a common speed call list of 30 members.

Uniform Call Distribution (UCD) Hunting - This feature provides for call distribution in a hunt group by connecting to the one which has been idle longest. (Applies to Circular Hunt only)

b. Definitions of Features (Cont'd)

Feature Package 3000 (The features below are in addition to the Feature Package 1000 and Feature Package 2000 Package features)

Call Forwarding (Busy, No Answer Split) - Single feature which allows the customer to specify the destination of a forwarded call based on the call being an intra-system call or an inter-system call (DMS Only).

Call Forwarding/Incoming - This feature restricts call forwarding of all calls to those from outside the business group.

Call Forwarding/Within Group - This feature restricts a station user so that calls may only be forwarded to other stations in the business group.

Executive Busy Override - This feature allows a station user to access a busy station after a break-in tone alerts the busy station.

Multi-Level Restriction - This feature permits the subscriber to define those codes that stations may dial. This can be done on a three-digit office code basis (NNX) or a six-digit area code (NPA) and NNX basis.

Off-Hook Queuing - This feature allows a station user to remain off-hook and wait for an idle trunk so he may complete his call.

Remote Access to Features - This feature allows authorized users to call in from the exchange network and gain access to a business group including all features associated with that group.

OPTIONAL FEATURES* (The features below can be ordered individually at the rates shown under E.1. following.)

Authorization Codes (per group of 10) - This feature permits the caller to dial codes which grant the caller privileges associated with the authorization code, rather than those associated with the station or remote location from which the call is being made.

Automatic Route Selection - This feature provides directed routing to the users preferred trunk route list (FX, WATS, Tie Lines, etc.). This feature also includes:

Expensive Route Warning - This feature provides a warning tone indicating a route determined to be expensive for a given location that has been selected.

Facilities Restriction Level - This feature allows each station and each facility access in the business group to be assigned a restriction level for use with Automatic Route Selection (ARS).

Time of Day Routing - This feature provides for route selection based on the most economical path for a particular time of day.

Code Call Access - This feature provides access to customer provided code calling signaling devices.

Conference Calling - This feature permits a station user or attendant to form a conference with a maximum of six or eight parties, including other stations and/or parties reached over trunks.

- * The contract period for the Optional System Features is based upon the initial contract period for the Centrex System. Subsequent Optional System Feature additions will be rated under a new contract or an addendum to an existing contract based upon the remaining period of the initial contract.

OPTIONAL FEATURES* (The features below can be ordered individually at the rates shown under E.1. following.) (Cont'd)

Data Link Console Interface - This feature allows the use of a proprietary data-link multiplexed console which is connected to the central office. (Requires three (3) additional Centrex lines at rates specified in this tariff.)

Dictation Access and Control - This feature provides for station access to customer provided dictation equipment.

Flexible Night Answer - This feature permits the attendant to change the Predetermined Night Answer station number by dialing a feature code plus the new night answer station number. (Requires Data Link Console.)

FX Access - This feature provides InterMSA and IntraMSA access to and from a remote exchange network via dedicated trunk facilities.

Identification-Multiple Directory Numbers - This feature enables the attendant to identify an incoming call by directory number using the console display. If the customer has multiple directory numbers, the attendant will know by the number appearing on the console display which department is being called. (Requires Data Link Console.)

Music-on-Hold Interface - This feature provides access to a common music source for use with call hold, transfer, park, and queuing features.

- * The contract period for the Optional System Features is based upon the initial contract period for the Centrex System. Subsequent Optional System Feature additions will be rated under a new contract or an addendum to an existing contract based upon the remaining period of the initial contract.

OPTIONAL FEATURES* (The features below can be ordered individually at the rates shown under E.1. following.) (Cont'd)

Non-Data Link Console Interface - This feature allows the use of a multiline attendant instrument designed specifically for console service. A physical pair is required for each loop at rates shown elsewhere in the Company's tariffs.

Paging/Public Address Access - This feature provides a central office interface to a loudspeaker at the customer premises for paging and/or public address.

Pilot Number of Hunt Groups - Directory number used to access a hunt group (no associated cable pair required).

Predetermined Night Answer-Fixed - This feature, activated by the attendant, routes calls placed to the listed directory number to some predetermined station, hunt group, or station. This feature also allows transfer of calls during commercial power failure. (Requires Data Link Console.)

Preferential Hunting - This feature assigns hunting to an individual group of hunt group members to a pilot number of another circular hunt group.

Priority Queuing - This feature permits a station user remaining off-hook to queue for a facility to obtain a line ahead of another station user queuing for a facility and goes on-hook.

Proprietary Set Interface - This feature provides capability for central office connectivity for business proprietary sets.

- * The contract period for the Optional System Features is based upon the initial contract period for the Centrex System. Subsequent Optional System Feature additions will be rated under a new contract or an addendum to an existing contract based upon the remaining period of the initial contract.

OPTIONAL FEATURES* (The features below can be ordered individually at the rates shown under E.1. following.) (Cont'd)

Pseudo Number - This feature provides an additional telephone number when used in conjunction with business proprietary sets.

Recorded Announcement - This feature routes calls to a recording (may be customized) at the Telephone Company's Central Office.

Speed Call 30 (System) - This feature allows members of a customer business group to share a common speed call list of 30 members.

Station Message Detail Recording - This feature produces call detail of all trunk calls in and out of the customer business group that are made to both physical trunks and simulated facility groups.

Stop Hunt - This feature uses a code which allows the hunting process to stop when a particular line is reached in a hunting sequence.

T-1 Access - The feature connects a digital facility to a switching system dedicated to a specific customer.

Terminal Make Busy - This feature uses a code to make a specific terminal, or groups of terminals in a hunting group look busy.

Tie Facility Access - This feature provides access to tie line facilities which connects the customer business group to another CENTREX, PABX or similar facility.

- * The contract period for the Optional System Features is based upon the initial contract period for the Centrex System. Subsequent Optional System Feature additions will be rated under a new contract or an addendum to an existing contract based upon the remaining period of the initial contract.

CENTREX SERVICE**MISSOURI
Public Service Commission**

B. Liability of the Telephone Company

1. The Telephone Company makes no guarantee and assumes no liability for the accuracy, performance or non-performance of the Centrex Service Features. In the event that a customer's basic service is interrupted and remains out of service for more than twelve (12) hours after being reported to or found to be out of service by the Company, appropriate adjustments shall be made to the customer's account upon request with a minimum of credit for twenty-four (24) hours. The adjustment shall be the pro rata part of the month's charge for local exchange service for the period of days service was inoperative and shall be accomplished by a credit on a subsequent bill for service. This provision shall not apply when the service interruption is caused by:
 - a. The negligence or willful act of the customer,
 - b. Customer provided facilities, or
 - c. Electric power failure where the customer furnishes such electric power.
2. The Telephone Company makes no guarantee and assumes no liability for resale or sharing by the customer of the Centrex Service Features and its associated facilities, including (without limitation) the failure of any person to pay the customer's or reseller's billing for any reason whatsoever, including (without limitation) denied toll calls and toll fraud.

C. Conditions

1. The Company will furnish one alphabetical directory listing on a per Centrex summary account, without charge. Additional listings are offered subject to the provisions set forth in this Tariff.
2. The rates and charges shown for Centrex Service apply to establishment of Centrex Service only. Appropriate Service Charges, excluding the Central Office Line Connection Charge, set forth in Section 2 of the Company's General Exchange Tariff apply to installation of a Centrex Service system up to and including the Standard Network Interface. In the case of Centrex Service customer moves within the same exchange area, appropriate service charges, including the Central Office Line Connection Charge, will apply. Other services as provided for in the Tariffs of the Company may be furnished in connection with this service at rates and charges specified for such services.

C. Conditions (Cont'd)

2. (Cont'd)

- a. Each request for establishment of a Centrex Service system must be placed in writing by the customer. Should the customer elect to cancel such a request after acceptance by the Company and before the start of the initial contract period described below, he may do so subject to notice in writing and payment to the Company for all resulting nonrecoverable labor and material costs.
3. Centrex Service is offered on a contractual basis commencing on the date the service is established.
 - a. The rates per Centrex Line as set forth in D.1.c. following, plus the selected Feature Series rate per line as set forth in D.2. following, apply each month from the time the System is placed in service until the Centrex Service is discontinued.
4. In the event that the Centrex Service is terminated by the customer prior to completion of the initial contract period, the Company will develop the applicable contract termination charge using the formula described below and levy it for payment by the customer.
 - a. In the event of termination of Centrex Service during the contract period, the customer will remain liable for the balance of contract period rates adjusted to their then present worth equivalent, based upon a 12% discount rate, which shall upon any such termination immediately become due and payable in its entirety.
 - b. In the event the customer reduces the number of Centrex lines initially contracted by 20% or more, the termination liability as specified in C.4.a. above is applicable and will be based upon the initial number of lines under contract, as set forth in D.1.c. following.

C. Conditions (Cont'd)

4. (Cont'd)

- c. A Centrex customer may at any time renew the contract for an equal or longer new contract period at the current tariff rates subject to the following conditions:

- (1) No credit will be given for payments made during the formerly selected period. Nonrecurring charges will not be reapplied.
- (2) The new contract period begins with the next billing date following the renewal.
- (3) No termination charge applies for the former contract period.

5. When Centrex Service is provided, any manual operations at the customer's premises are performed by, and at the expense of the customer.

- a. Upon request, the Company will correct a failure caused by customer initiated software changes, will update software records, or make subsequent line and/or feature additions on a time and material basis at labor rates as specified following:

<u>Labor Period</u>	<u>First Half Hour or Fraction Thereof</u>	<u>Each Additional Half Hour or Fraction Thereof</u>
(1) Basic Time, Business Day, Per Technician	\$26.75	\$16.75
(2) Overtime, Outside the Business Day, per Technician*	29.65	19.65
(3) Premium Time, Outside the Business Day, Per Technician*	35.45	25.40

- * A call out of a Company employee at a time outside of the business day is subject to a minimum charge of four hours.

C. Conditions (Cont'd)

5. (Cont'd)

- b. Basic Time rates apply for the time the Telephone Company is open for business, Monday through Friday. Overtime rates apply any time outside the business day and all day Saturday. Premium rates apply all day Sunday and on all Telephone Company approved holidays.
- 6. Suitable and sufficient space for any remote units required shall be leased by the Company from the customer.
 - a. Suitable space includes provisions for atmospheric control, which encompasses the following environmental requirements: (1) dust free, (2) controlled temperatures ranging from 50° to 86° Fahrenheit, with consideration given to heat loss and/or gain of the equipment, and (3) relative humidity of 20% minimum and 55% maximum.
 - b. Commercial power necessary to operate the remote units, if required, located on the customer's premises shall be provided by the customer.
- 7. Rotary dial stations may not be capable of accessing all Centrex Service features as set forth in A.4. of this Section.
- 8. A Centrex line may be extended to a location outside the same continuous property of the Centrex customer to any location. Mileage Charges, as set forth in the Company's Tariffs, will apply to such off-premises extension lines. Such charges shall be measured from the location of the serving host central office or from a serving remote unit, if applicable, whichever is closer, to the off-premises location.
- 9. Centrex Service system lines are not subject to Business Basic Exchange Service Rates or Zone Rate Differentials set forth in Section 4 of the Company's General Exchange Tariff.
- 10. EAS charges are applied on a per trunk basis (e.g., per the number of network accesses), at the business rate, as set forth in Section 4 of this Tariff.
- 11. This Tariff contemplates the use of central office equipment selected by the Company. When special central office equipment or features are provided at the request of the customer, special assembly rates and charges may be applied in addition to those shown herein.

CENTREX SERVICE**MISSOURI
Public Service Commission**

C. Conditions (Cont'd)

12. This Tariff (including the rates and charges shown herein) for Centrex Service is subject to such changes or modifications as the Commission may from time to time direct or allow in the exercise of its jurisdiction.
13. Service lines may be terminated on PABX or equivalent type system. A PABX termination rate will be applied per line in addition to the applicable line rate.
14. Subsequent line additions/deletions.
 - a. Subsequent line additions will be rated under a new contract or an addendum to an existing contract based upon the remaining period of the initial contract. Existing contract period rates, for lines previously contracted, remain unchanged. If the line addition results in the customer's total line count exceeding the threshold of the line group previously contracted, only the quantity of additional lines in excess of the threshold will be billed at the rate for the larger group. Appropriate Service Charges, excluding the Central Office Line Connection Charge, set forth in Section 5 of the Company's General Exchange Tariff apply to installation of subsequent line additions up to and including the Standard Network Interface.
 - b. Subsequent line deletions resulting in reductions equal to or exceeding 20% of the initial lines under contract will be treated as set forth in C.4 preceding. If the reduction causes the total number of lines to fall within a different line group, all remaining lines will be billed at rates according to the associated line group as set forth in D.1.c. following.
15. If a customer requests an upgrade of an existing Feature Series (e.g., from Series 1000 to 2000, 1000 to 3000, or from Series 2000 to 3000), his existing per line contract rate will be changed to reflect the appropriate rate applicable to the new Feature Series, as set forth under D. Rates and Charges. The new contract rate will apply for the duration of the existing contract period. Nonrecurring charges as set forth under D.2. will apply.

D. Rates and Charges (Cont'd)

**MISSOURI
Public Service Commission**

1. Centrex Line Rates

- a. Centrex Service line rates are determined by the total number of Centrex lines requested.

Example: If a customer requests 28 lines, all 28 lines will be billed at the 26 - 50 group line rate.

The minimum contract period of one month is available for customers with 3-50 lines. Customers may, at the option of the Company, sign contract agreements for periods greater than one month. Centrex Service arrangements exceeding 200 lines will be offered on an individual case basis.

- b. The following rates apply during the contract period and until the service is discontinued:*

			MONTHLY RATE
(1)	<u>Month-to-Month Contract</u>	<u>GSEC</u>	
	(a) 3-25 lines, per line	CEN25G	\$15.00
	(b) 26-50 lines, per line	CEN49G	14.75
(2)	<u>36 Month Contract</u>		
	(a) 26-50 lines, per line	CEN50G36	13.75
	(b) 51-100 lines, per line	CEN100G36	13.00
	(c) 101-200 lines, per line	CEN200G36	12.25
(3)	<u>60 Month Contract</u>		
	(a) 26-50 lines, per line	CEN50G60	12.75
	(b) 51-100 lines, per line	CEN100G60	12.00
	(c) 101-200 lines, per line	CEN200G60	11.25

- * In addition to the contract line rates, Feature Series rates apply as specified in D.3.a. following.

F. Centrex Custom Service

**MISSOURI
Public Service Commission**

1. Scope of the Plan

- a. Centrex Custom Service is a service arrangement which consists of host central office interface equipment and software located on Company premises. This service provides local exchange access, interexchange access, intrasystem communication and Centrex features. The Centrex features are set forth in A.4. preceding.
- b. Centrex Custom Service arrangements may be provided by utilizing existing Company facilities and equipment, construction of new facilities, and the purchase of new office equipment or any combination thereof. These arrangements will be provided only when, in the judgment of the Company, it is practicable and will not be detrimental to any other service furnished by the Company. Centrex Custom Service arrangements are intended for use by customers with more than 500 lines.
- c. Centrex Custom Service arrangements will be provided pursuant to the terms and conditions as set forth in B. and C. preceding. Customer specific requirements will be set forth in the Centrex Custom Service agreement.

2. Public Service Commission Notification

- a. The Company will notify the Public Service Commission Staff of Centrex Custom Service arrangements in advance, as set forth in F.2.b. following, and will include in such notification the following information:

Customer name and location(s)
 Type of service to be provided
 The incremental cost study
 The contribution level used
 The payment option selected
 The applicable rates

The above information is considered proprietary by the Company and should not be made a part of the public record.

FEB 7 1996

F. Centrex Custom Service (Cont'd)

**MISSOURI
Public Service Commission**

2. Public Service Commission Notification (Cont'd)

- b. Upon receipt of the above identified information, the Staff will have three weeks (21 calendar days) to review this information. Day 1 of the 21 calendar days limitation will begin on the next working day after receipt by the Staff. In the review of this information, if the Staff determines there is a discrepancy in a specific cost study, but the rate quoted meets the minimum five percent contribution level after the discrepancy is corrected, no change in the rate will be required. If, however, after the discrepancy is corrected the rate quoted does not meet the five percent contribution level, the rate will be revised to achieve at least the minimum contribution level of five percent.

Staff will notify the Company in writing as soon as possible, but no later than 21 days, as determined above, of their position as a result of their review of the economic cost study. If Staff does not respond by the end of the 21 days, the Company may proceed with the proposed rates for that Centrex Custom Service arrangement.

3. Rates

- a. Rates for Centrex Custom Service arrangements will be based on the incremental costs, contribution level, payment plan, and contract option selected. These factors will vary with each Centrex Custom Service arrangement and will, therefore, reflect varying rates for individual arrangements. At no time, will the contribution level be less than 5 percent above Incremental Costs.

b. Economic Cost Studies

An incremental cost study will be performed for each Centrex Custom Service arrangement. The study will conform to accepted economic principles and will be provided to the Commission Staff.

c. Payment Options

The method of payment will be specified in the Centrex Custom Service agreement.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

Universal Emergency Number Service (911)

General

- A. Universal Emergency Number Service, also referred to as 911 Service, is a telephone exchange communication service whereby one or more Public Safety Answering Points (PSAP) designated by the customer may receive telephone calls dialed to the telephone number 911. 911 Service includes a line and equipment necessary (excluding CPE) for the answering, transferring and dispatching of public emergency telephone 911 calls originated by persons within the serving area. 911 Trunking Service involves the provision of interoffice trunks from the Telephone Company Central Office to connect with the PSAP location.
- B. The 911 emergency number is not intended to replace the telephone service of the various Public Safety Agencies which may participate in the use of this number. The 911 customer must subscribe to additional local exchange service at the PSAP for administrative purpose, for the placing of outgoing calls and for receiving other emergency calls, including any which might be relayed by Company operators.
- C. 911 Trunking Service is offered subject to availability of facilities.
- D. The 911 Trunking Service customer may be a municipality or other state or local governmental unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for police, fire or other emergency services within the telephone Central Office area arranged for 911 calling.

GENERAL AND LOCAL EXCHANGE TARIFF

SPECIALIZED SERVICES**RECEIVED**EMERGENCY TELEPHONE SERVICE (9-1-1)

FEB 7 1996

A. General

**MISSOURI
Public Service Commission**

1. Definition

- a. 9-1-1 is the three-digit telephone number designated throughout the United States as the emergency telephone number to be used by the public to obtain law enforcement, medical, fire, rescue, and other emergency services.
- b. 9-1-1 Service enables a caller dialing 9-1-1 from a station with access to the local exchange telephone network, arranged to provide 9-1-1 Service, to be automatically connected to the appropriate Public Safety Answering Point (PSAP). A PSAP is the communications facility, designated for a specific territory, to which 9-1-1 calls are routed for response. The Service, including non-regulated components, may be provided from any one of the following three categories:
 - 1) B9-1-1 (or Basic 9-1-1) Service automatically routes 9-1-1 calls to a PSAP but provides no information about the location or telephone number of the caller.
 - 2) C9-1-1 (or ANI-only 9-1-1) Service automatically routes 9-1-1 calls to a PSAP and provides the calling telephone number (through automatic number identification or ANI) to the PSAP attendant who answers the call. C9-1-1 Service is comprised of B9-1-1 Service plus ANI spill.
 - 3) E9-1-1 (or Enhanced 9-1-1) Service automatically routes 9-1-1 calls to a PSAP and provides the calling telephone number and address, and may also provide the name of the telephone access line subscriber and the names of the Emergency Response Agencies with responsibility for the caller's location. E9-1-1 will provide a PSAP with the location of the billing or lead telephone number in cases where a nonregulated telecommunication service provider (e.g., Private Branch Exchange (PBX), Shared Tenant Service (STS), etc.) has failed to provide the customer with their subscribers' names, addresses, and telephone numbers. E9-1-1 Service is comprised of C9-1-1 Service plus ALI provisioning.

GENERAL AND LOCAL EXCHANGE TARIFF

Universal Emergency Number Service (911)(Cont'd)

General (Cont'd)

- E. The Company may enter into a contract or contracts with the 911 customer or with other telephone companies in order to effectuate the Company's provisions of 911 Service in accordance with, pursuant to, and subject to the terms, conditions and limitations of the Tariff. Any such contract(s) shall incorporate by reference the terms, conditions and limitations of this Tariff.
- F. The rates and charges contained herein are in addition to all other applicable rates and charges located in other parts of this tariff.

Conditions

- A. 911 Trunking Service is provided solely for the benefit of the customer operating the PSAP. The provision of 911 Trunking Service by the Company shall not be interpreted, construed or regarded, either express or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the customer.
- B. The Company does not undertake to answer and forward 911 calls, but furnishes the use of its facilities to enable the customer's personnel to respond to such calls on the customer's premises.
- C. Temporary or vacation suspensions of service are not provided for any part of the 911 Trunking Service.
- D. 911 Service information consisting of the names, addresses and telephone numbers of Subscribers whose listings are not published in directories or listed in the Directory Assistance records is treated as strictly confidential except as indicated in Section 15.3(3) following.
- E. End Users dialing 911 forfeit the privacy afforded by nonpublished and unlisted telephone number service to the extent that the telephone number, address and name associated with the originating station location may be furnished by a PSAP. Information will be provided only for the purpose of responding to emergency calls.

2. Definition of Terms

- a. Automatic Location Identification (ALI) - A feature designed to permit information regarding the location of the calling party to be displayed on a display screen at a PSAP when a 9-1-1 call is received.
- b. ALI Database - A database of ALI records containing access line subscribers' names, addresses, telephone numbers, and ESNs to be used for 9-1-1 purposes. This database, once provided to the customer, may include additional information about that location. Subscriber names may be omitted as a local option.
- c. Alternate Routing - A feature that will route a 9-1-1 call to a location other than the primary PSAP, should some temporary condition prevent the primary PSAP from answering the call.
- d. Automatic Number Identification (ANI) - A feature designed to permit the telephone number of the calling party to be displayed on a display screen at a PSAP when a 9-1-1 call is received.
- e. ANI Spill - A central office generated data stream that forwards the telephone number of the calling party.
- f. Caller - An individual who places a 9-1-1 call in order to obtain emergency assistance. May also be referred to as an end user.
- g. Customer - Governmental unit or other entity authorized to provide 9-1-1 Service.

GENERAL AND LOCAL EXCHANGE TARIFF

Universal Emergency Number Service (911)(Cont'd)

Conditions (Cont'd)

- F. The Company's entire liability to any person for interruption or failures of 911 Trunking Service shall be limited to the terms set forth in this section and other sections of this tariff.
- G. The customer shall have the responsibility of discovering all errors, defects and malfunctions, in the transmission of calls and data, data base(s), and overall operation of the system. The customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Company in the event the system is not functioning properly.
- H. The Company's liability for any loss or damage arising from errors, interruptions, defects, failures or malfunctions of this service or any part thereof whether caused by the negligence of the Company or otherwise shall not exceed an amount equivalent to the pro-rata charges for the service affected during the period of time that the service was fully or partially inoperative.
- I. Each customer also agrees to release, indemnify and hold harmless the Company from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the customer or others.
- J. The customer also agrees to release, indemnify and hold harmless the Company for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of 911 Trunking Service features, the equipment associated therewith, or by any services furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing 911 Trunking Service hereunder, and which arise out of the negligence or other wrongful act of the Company, the customer, its user, agencies or municipalities, or the employees or agents or any one of them.

EMERGENCY TELEPHONE SERVICE (9-1-1)

A. General (Cont'd)

MISSOURI
Public Service Commission

2. Definition of Terms (Cont'd)

- h. Default Routing - A feature activated when an incoming 9-1-1 call cannot be selectively routed due to an ANI failure, garbled digits or other causes. Such incoming calls are routed from the 9-1-1 control office (location of the selective routing function) to a preselected PSAP.
- i. Emergency Response Agency - For the purpose of this Tariff, an Emergency Response Agency (ERA) is a functional division of an agency authorized to respond to requests from the public to meet emergencies related to safety and/or health. The agency is prepared to provide its service(s) in response to a 9-1-1 call received at, or transferred from, a PSAP.
- j. Emergency Service Number - An Emergency Service Number (ESN) is assigned by the customer to all subscribers served by each combination of Emergency Response Agencies (i.e., which police, fire, and ambulance service is responsible for that subscriber's location). Thus the service area of each PSAP and Secondary PSAP can be defined in terms of the ESNs for which it is responsible. The ESN is recorded in the ALI database (where established) to inform the PSAP attendant which ERA is responsible for each 9-1-1 caller's location and in the Selective Routing records (where Selective Routing is established) to assist in determining call routing to the correct PSAP.
- k. End User - An individual who may place a 9-1-1 call in order to obtain emergency assistance. May also be referred to as a caller.

GENERAL AND LOCAL EXCHANGE TARIFF

Universal Emergency Number Service (911)(Cont'd)

Conditions (Cont'd)

- K. Because the Company serving boundaries and political subdivision boundaries may not coincide, it is the obligation of the customer to make arrangements to handle all 911 calls that originate from telephones served by Telephone Company Wire Centers served by the PSAP whether or not the calling telephone is situated on property within the geographical boundaries of the customer's public safety jurisdiction.
- L. Application for 911 Trunking Service must be executed in writing by each customer. If application for service is made by an agent, the Company must be provided in writing with satisfactory proof of appointment of the agent by the customer. At least one local law enforcement agency must be included among the participating agencies in any 911 offering.
- M. The customer is required to furnish the Company its agreement to the following terms and conditions:
1. That all 911 calls will be answered in a 24-hour day, seven-day week basis.
 2. That the customer has responsibility for dispatching the appropriate emergency service vehicles within the 911 Service area, or will undertake to transfer all 911 calls received to the governmental agency with responsibility for dispatching such services, to the extent that such services are reasonably available.
 3. That the customer will develop an appropriate method for responding to calls for non-participating agencies which may be directed to the 911 PSAP by calling parties.
 4. That the customer will provide CPE with a capacity adequate to handle the number of incoming 911 lines recommended to be installed by the Company. It is the customer's responsibility to ensure its CPE is compatible with the services(s) provided by the Company.

Public Service Commission

2. Definition of Terms (Cont'd)

By

KHS 33
Public Service Commission

MISSOURI

1. Host Provider - The telephone exchange that serves exchanges within the customer's serving area and provides 9-1-1 service to the customer and, where applicable, acts as the coordinator of other regulated telephone companies which serve as secondary providers within the customer's serving area.
- m. Master Street Address Guide (MSAG) - A perpetual database defining the geographic area of a 9-1-1 service, such as by an alphabetical list of the street names, high-low house number ranges, community names, PSAP identification codes, and Emergency Service Numbers (ESNs).
- n. Nonlisted/Unlisted - Subscriber information that is not listed in the published phone directory but is made available via Directory Assistance Service.
- o. Nonpublished - Subscriber information that is neither listed in the published phone directory nor available via Directory Assistance Service.
- p. Public Safety Answering Point (PSAP) - Primary - A primary PSAP is the initial answering point responsible for taking appropriate action on a 9-1-1 call by either providing the response itself from the Emergency Response Agencies dispatched from that center or by transferring the call to a secondary PSAP for action. A primary PSAP must be operated on a 24-hour (seven-days-a-week) basis.
- q. Public Safety Answering Point (PSAP) - Secondary - A secondary PSAP responds to 9-1-1 calls transferred from a primary PSAP by dispatching those Emergency Response Agency services under its authority. It may become the initial respondent to a 9-1-1 call in an alternate routing configuration where the primary PSAP is unable to answer the call.

GENERAL AND LOCAL EXCHANGE TARIFF

Universal Emergency Number Service (911) (Cont'd)

Conditions (Cont'd)

- N. This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies and does not create any relationship or obligation, direct or indirect, to any person other than the 911 customer contracting for 911 Trunking Services. In the event of any interruption of the service, the Company shall not be liable to any person, corporation or other entity for any loss or damage in an amount greater than an amount equal to the pro rata allowance of the tariff rate for the service or facilities provided to the 911 customer for the time such interruption continues, after notice to the Company. No allowance shall be made if the interruption is due to the negligence or willful act of the 911 customer.
- O. The rates charged for 911 Trunking Service do not contemplate the constant monitoring or inspection of facilities to discover errors, effects and malfunctions in the service, nor does the Company undertake such responsibility. The 911 customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall notify the Company in the event the system is not functioning properly.
- P. In the absence of willful misconduct or gross negligence, no liability for any death or injury to any person or for any damage to property shall attach to the Company, its employees, agents or representatives as a result of or in connection with any situation in which the Company may be requested, required, have undertaken or participated in the tracing of a 911 call.
- Q. The customer recognizes that the addresses provided to it by the Company are the same addresses that the Company maintains for its ordinary service, billing or directory records and the Company cannot unconditionally guarantee their existence or accuracy in emergency situations. Therefore, the customer recognizes that addresses should, where circumstances permit, be verified from a 911 calling party. When the customer becomes aware of any inaccuracies in the data it shall promptly notify the Company in writing. The Company shall make the correction within a reasonable time under the circumstances.

2. Definition of Terms (Cont'd)

- r. Selective Routing - A service that routes calls to the correct PSAP based on the caller's ANI. This service is available when a C9-1-1 or E9-1-1 system is served by more than one PSAP or when a central office is split by a political boundary and one of the political areas does not subscribe to 9-1-1 services.
- s. Subscriber - A person or business that orders access line service from a telephone company.
- t. Secondary Provider - A regulated telephone company that participates in offering 9-1-1 service under an agreement with the host provider.

3. Conditions

- a. 9-1-1 Service is restricted to one-way incoming emergency service only.
- b. The Company shall not be required to provide 9-1-1 Service to less than an entire central office (switching entity). The Company does not undertake to answer and forward 9-1-1 Service calls, but furnishes the use of its facilities to enable the customer's personnel to accept such calls on the customer's designated premises.
- c. 9-1-1 Service is provided solely for the benefit of the local governmental unit; the provision of such service shall not be interpreted, construed, or regarded as being of the benefit of, or creating any Company obligation toward, or any right of action on behalf of any third person or other legal entity.

GENERAL AND LOCAL EXCHANGE TARIFF

Universal Emergency Number Service (911)(Cont'd)Rates

- A. The rates and charges for 911 Trunking Service set out below are for the provision by the Company of its facilities for trunking calls for the Company's central offices to the PSAP, or between Central Offices. The customer is responsible to order connecting trunking facilities from other telephone companies when necessary to extend the trunks to a PSAP beyond the Telephone Company serving area.

	<u>Per Trunk</u>
Trunks between Central Offices	\$ 25.00
Trunks between Central Offices and PSAP	\$ 25.00

- B. Service Connection Charges as specified in the Miscellaneous Section of the tariff are applicable.

- C. Database Records Charges

These charges are applicable to the work necessary for Company customer records to support E911 Service. The initial record charge is for work necessary to complete the initial upload to the E911 provider, which includes verification of records to the Master Street Address Guide ("MSAG"). Customer updates beyond the initial upload would include new requests for service in the Company's serving area, orders that change a customer's name, telephone number and/or address, and will include verification to the MSAG. A record update(s) generated due to a Company error will not be assessed a Database record charge. If an error is due to inaccurate information provided by a 911 customer, a charge will be assessed.

Initial Upload of Records, one time charge	\$992.00
Database Record Charges, per record charge	\$ 0.38

EMERGENCY TELEPHONE SERVICE (9-1-1)

FEB 7 1996

A. General (Cont'd)

3. Conditions (Cont'd)

- d. Intercept service for any seven-digit emergency number(s) replaced by 9-1-1 Service will be provided for a period of time as negotiated between the Company and the customer; however, in no case shall intercept service be provided for more than one year or beyond the next directory issuance, whichever is longer.
- e. 9-1-1 Service is limited to the use of central office telephone number 9-1-1 as the emergency telephone number. Only one 9-1-1 Service will be provided within any government agency's locality.
- f. 9-1-1 calls originated from local exchange telephone network access facilities shall be completed to the appropriate PSAP without a charge being assessed to the end user by the Company. Calls from a pay telephone shall not require a coin to be deposited or payment of any charge.
- g. Calls placed from all stations, including those with non-published or unlisted numbers, to a PSAP may display subscriber information associated with such numbers to emergency 9-1-1 responding personnel. The subscriber forfeits the privacy afforded by a nonlisted or nonpublished service upon placing a 9-1-1 call.
- h. The main telephone directory listing for the PSAP must be a seven-digit administrative telephone number of a listed emergency number. A listing for the PSAP will also be provided under 9-1-1 at no additional charge.
- i. The Company will not prorate any billing among agencies of the same governmental entity jointly subscribing to 9-1-1 Service.

Public Service Commission**

3. Conditions (Cont'd)

- j. All nonregulated telecommunications service providers (e.g., Private Branch Exchange (PBX), Shared Tenant Service (STS), etc.) in an E9-1-1 service area should provide current lists of their subscriber's names, addresses, and telephone numbers in GTE standard format to the customer for inclusion in the E9-1-1 database.
- k. Information provided by the Company as part of the provision of C9-1-1 or E9-1-1 is to be used only for the purposes of answering and dispatching emergency calls.
- l. Charges for customer-initiated changes and rearrangements affecting service address and ALI database records (e.g., street name and number changes, emergency services territorial or name change, jurisdictional boundary changes and rearrangements, etc.,) other than those processed in normal daily updates will be based upon the actual costs for such changes and rearrangements. In such cases, a valid comparative listing of changes must be supplied providing direct and individual reference to existing designations.
- m. Where a 9-1-1 call is placed by the calling party via interconnection with an interexchange carrier or operator service provider, the Company cannot guarantee the completion of said call, the quality of the call, or any features that may otherwise be provided with 9-1-1 Service. Because the addresses of these service providers' subscribers are not provided to the regulated telecommunications service providers, the customer must obtain them directly.
- n. In Selective Routing configurations where the central office does not provide ANI due to ANI failure, garbled digits, multiparty lines, etc., Default Routing will be utilized.

5. Liability

- a. The Company's entire liability to the customer or any person for interruption or failure of 9-1-1 service shall be limited by the terms set forth in this section, the Rules and Regulations section of this Tariff, and in any sections of other tariffs which apply to the provision of 9-1-1 service by the Company. This 9-1-1 service is offered solely to assist the customer in providing 9-1-1 emergency service in conjunction with applicable fire, police, and other public safety agencies. By providing this service to the customer, the Company does not create any relationship or obligation, direct or indirect, to any third party other than the customer.
- b. The Company shall not be liable for civil damages, whether in contract, tort or otherwise, to any person, corporation, or other entity for any loss or damage caused by any Company act or omission in the design, development, installation, maintenance, or provision of 9-1-1 service other than an act or omission constituting gross negligence or wanton or willful misconduct. However, in no event shall the Company's liability to any person, corporation, or other entity for any loss or damage exceed an amount equal to the prorated allowance of the tariff rate for the service or facilities provided to the customer for the time such interruption to service or facilities continues, after notice by the customer to the Company. No allowance shall be made if the interruption is due to the negligence or willful act of the customer.
- c. The customer shall indemnify and hold harmless the Company from any damages, or other injuries which may be asserted by any person, business, governmental agency, or other entity against the Company as a result of any act or omission of the Company or customer or any of their employees, directors, officers, or agents except for Company acts of gross negligence or willful or wanton misconduct in connection with developing, adopting, implementing, maintaining, or operating the 9-1-1 system or for releasing subscriber information, including nonpublished or unlisted information in connection with the provision of the 9-1-1 service.

EMERGENCY TELEPHONE SERVICE (9-1-1)**MISSOURI
Public Service Commission**

A. General (Cont'd)

5. Liability (Cont'd)

- d. The Company shall not be liable or responsible for any indirect, incidental, or consequential damages associated with the provision of the 9-1-1 service when any 9-1-1 call originates from a system or line which makes the provision of specific location information impossible to provide for technical reasons. These technical reasons can include, but are not limited to, technical inability to provide subscriber information associated with multi-party lines, or private telecommunications services such as PBSS or shared tenant services and calls originating over Centrex lines.
- e. The Company accepts no responsibility for obtaining subscriber record information from private telecommunications systems, such as PBXs or shared tenant services, unless provided to the Company by a customer. At the rates set forth herein, the Company will integrate any records provided to it by the customer in a Company-standard format for inclusion in a 9-1-1 database. However, by regarding the accuracy of the data provided to it by a customer and shall not be liable or responsible for any indirect, incidents, or consequential damages associated with the provision of this data by the customer, which may be asserted by any person, business, government agency or other entity against the Company.
- f. The Company shall not be liable or responsible for any indirect, incidental, or consequential damages associated with the provision of 9-1-1 service when there is a failure of or interruption in 9-1-1 service due to the attachment of any equipment by a customer to Company facilities. the customer may, with the prior written consent of the Company, which consent shall not be reasonably withheld, attach features, devices, or equipment or other vendors to the equipment or network facilities provided by the Company. Said attachments, devices, or equipment must meet all applicable federal and state registration or certification standards. The Company reserves the right to refuse attachments if the Company determines that said attachments will degrade the 9-1-1 system ordered by the customer, Company facilities or otherwise affect its telephone operations.

EMERGENCY TELEPHONE SERVICE (9-1-1)**MISSOURI
Public Service Commission**

B. Description of Service

1. B9-1-1 (Basic 9-1-1 Service)

- a. B9-1-1 Service provides for routing all 9-1-1 calls originated by stations with given central office prefix codes to a single PSAP which is prepared to receive those calls via a 9-1-1 Service line.
- b. Interoffice 9-1-1 service is provided via dedicated trunking. 9-1-1 service from the central office serving the PSAP is provided over dedicated lines or trunks.
- c. The following rate elements apply to a typical B9-1-1 arrangement:
 - 1) 9-1-1 Central Office Enabling - Enables the central office to recognize 9-1-1 as a valid number and connect a 9-1-1 call to a 9-1-1 Service Line or dedicated 9-1-1 trunk.
 - 2) 9-1-1 Service Line - A business network access line connecting the PSAP and its serving central office. The business individual line and/or business trunk or key business line rate is applicable.
 - 3) Interoffice Trunk - A dedicated facility between central offices (intra- or interexchange). The Interoffice Trunking Charges apply to each trunk ordered. A minimum of two trunks is required on each interoffice route.
 - a) Mileage - Applicable to each trunk on a per airline mile basis.
 - b) Trunk Termination - Applicable to each end of each trunk terminated.
 - d) Additional 9-1-1 Features, as described in this Tariff, are Available with 9-1-1 Service where conditions permit.

B. Description of Service (Cont'd)

2. C9-1-1 (ANI-Only 9-1-1 Service)

a. The following rate elements apply to a typical C9-1-1 arrangement:

- 1) 9-1-1 Central Office Enabling - Enables the central office to recognize 9-1-1 as a valid number and to connect such calls to a 9-1-1 Service Line or dedicated 9-1-1 trunk. Also enables the central office to generate ANI for the caller's telephone number and provide it to the 9-1-1 Service Line or dedicated 9-1-1 trunk.
- 2) 9-1-1 Service Line - Same as B9-1-1 Service.
- 3) Interoffice Trunk
 - a) Mileage - Same as B9-1-1 Service.
 - b) Trunk Termination - Same as B9-1-1 Service.
- b. C9-1-1 Service includes ANI Spill which is the provision of the caller's telephone number to the PSAP. ANI Spill may not be provided from multi-party end users. For calls placed to a PSAP from off-premises stations and stations behind business systems, where ANI Spill is provided, it will provide the identity of the primary telephone service billing or lead number.
- c. The PSAP's premises equipment used in conjunction with ANI Spill Service must be reviewed by the Company to determine the compatibility of the unit with the C9-1-1 Service requested. If changes are necessary to make this service compatible with the services offered herein, time and material charges will apply.
- d. Selective Routing is available on an optional basis with C9-1-1 Service.
- e. Additional 9-1-1 Features, as described in this Tariff, are available with C9-1-1 Service where conditions permit.

B. Description of Service (Cont'd)

3. E9-1-1 (ENHANCED 9-1-1)

a. The following rate elements apply to a typical E9-1-1 arrangement:

1) 9-1-1 Central Office Enabling - Same as C9-1-1 Service.

2) 9-1-1 Service Line - Same as C9-1-1 Service.

3) Interoffice Trunk

a) Mileage - Same as C9-1-1 Service.

b) Trunk Termination - Same as C9-1-1 Service.

4) Automatic Location Identification (ALI) Database - An E9-1-1 database that contains subscriber names, telephone numbers, addresses and Emergency Service Numbers. (ESNs), and is periodically updated by the Company. A per database charge is applicable to each database and a per record charge is applicable to all records in each database. When BPS is not responsible for the system's ALI database, paper record charge will not apply to all BPS records provided to the ALI database manager. The customer is responsible for the following:

a) Providing a correct set of addresses and ranges, known as a Master Street Address Guide (MSAG), with ESNs assigned to each address. This must include all Company and participating telecommunications service subscriber addresses and be based upon Company standards.

b) Advising the Company in a timely manner of any changes in the MSAG OR ESN assignments.

3. E9-1-1 (Enhanced 9-1-1) (Cont'd)

- b. In the event that the customer requests to begin construction of an MSAG/ALI database prior to full application to C9-1-1 or E9-1-1 service, charges for ALI database construction and maintenance will apply.
- c. The PSAP's premises equipment used in conjunction with ANI Spill Service must be reviewed by the Company to determine the compatibility of the unit with the E9-1-1 Service requested. If changes are necessary to make this service compatible with the services offered herein, time and material charges will apply.
- d. Selective Routing is available on an optional basis with E9-1-1 Service.
- e. Optional 9-1-1 Features, as described in this Tariff, are available with E9-1-1 Service where conditions permit.

4. Optional Services

a. Selective Routing

- 1) Selective Routing Service routes calls to the correct PSAP based on the caller's ANI. This service is available when a C9-1-1 or E9-1-1 system is served by more than one PSAP or when a central office is split by a political boundary and one of the political areas does not subscribe to 9-1-1 services. The customer is responsible for the following:

CANCELLED

- a) Providing a correct set of addresses and ranges, known as a Master Street Address Guide (MSAG), with Emergency Service Numbers (ESN) assigned to each address. Each ESN must be assigned to a PSAP. This must include all Company and participating telecommunication service subscriber addressed and be based upon company standards.

B. Description of Service (Cont'd)

4. Optional Services (Cont'd)

a. Selective Routing (Cont'd)

1) (Cont'd)

b) Verifying the accuracy of the call routing by participating in tests with the Company prior to service establishment, and subsequent to any ESN change, to ensure that calls from each ESN are correctly routed.

c) Advising the Company in a timely manner of any changes in the MSAG or ESN assignments.

2) The following rate elements apply to Selective Routing:

a) Database Administration - The per database charge to create and maintain the MSAG and ALI database structure.

b) Database - The charge on a per record basis to develop and update street ranges, list correct addresses, assign ESN's and PSAPs to each record, and transmit the ALI to the database management system that will be accessed by the caller's ANI. Database rate elements include monthly rates and nonrecurring charges for each database and for each record within each database.

c) Selective Router - The hardware and software that provided selective routing assignment codes to a central office for a 9-1-1- call and connects the incoming 9-1-1 trunks to the central office that will route the calls.

Trunk termination charges do not apply to the end of any interoffice trunks that terminate on a Selective Router.

Public Service Commission**

4. Optional Services (Cont'd)

a. Selective Routing (Cont'd)

2) (Cont'd)

- d) Selective Router Interface - A component of a Selective Routing System consisting of interface cards that enable a 9-1-1 trunk or a central office to be able to communicate with the Selective Router's computer. The quantity of cards required varies directly with the quantity of trunks terminating at the Selective Routing System.

b. Alternate Network Routing (ANR)

- 1) Alternate Network Routing service is offered to provide options to E9-1-1 systems in order to provide another route path from the caller to the PSAP. The choices involve establishing a path that is not in the dedicated 9-1-1 network, such as routing via the Public Switched Telephone Network (PSTN) or cellular radio. The components offered in this tariff include terminating telephone network equipment and cellular radio transceivers.
- 2) The Alternate Network Routing Service path is actuated upon a signal reporting that a dedicated 9-1-1 network path is not available to handle a call. Thus, the call maybe alternate network routed upon loss of a dedicated 9-1-1 trunk, failure of an intermediate central office in the dedicated 9-1-1 network path to the PSAP, or network overload such as All Trunks Busy (ATB).

FEB 7 1996

B. Description of Services (Cont'd)

**MISSOURI
Public Service Commission**

4. Optional Services (Cont'd)

b. Alternate Network Routing (ANR) (Cont'd)

- 3) In order to reroute the 9-1-1 call through the Public Switched Telephone Network, Sender equipment is installed in a central office on the outgoing side of a 9-1-1 trunk and Receiver equipment is installed on the PSAP premises, or at an intermediate switching point. Multiple telephone numbers may be programmed in the Sender equipment in case the primary Receiver is not available. When the cellular path is used, a cellular transceiver is installed at each end (i.e., at the originating central office and at the PSAP) to connect to the Sender/Receiver Units.

The Tellular Cellular Transceiver is available in a single channel (1M) or a four channel (4M) unit and is compatible with Teltone or Proctor equipment. The Proctor Transceiver, which is a single channel unit, is only compatible with Proctor equipment.

- 4) Alternate Network Routing Service is offered with two categories of Sender/Receiver terminal equipment:

- a) Without Monitoring -- The Sender Unit performs the functions of receiving the 9-1-1 call from the originating switch, storing the ANI, dialing the telephone number of the Receiver Unit to establish voice connection, and sending the caller's ANI to the Receiver Unit. The Receiver Unit will have an output connection to the network or the PSAP's E9-1-1 customer premises equipment to record the call information and to be used to retrieve the associated Automatic Location Information (ALI).

Public Service Commission

4. Optional Services (Cont'd)

b. Alternate Network Routing (Cont'd)

4) (Cont'd)

b) With Monitoring -- Similar functions and terminal equipment are provided as in subparagraph a. above, but with the addition of sensors to monitor the outgoing trunk to detect signalling problems. Upon detecting a problem it will seize control of the 9-1-1 call and establish an alternative path, over the Public Switched Telephone Network or a cellular network, to complete delivery of the voice and associated ANI.

5) Alternate Network Routing via Cellular Transceivers may be selected with either of the ANR services listed above, to add cellular path connectivity. This service requires a cellular transceiver to be installed at either or both ends of the path; one at the originating central office connected to a Sender; The other at the terminating PSAP connected to a Receiver. The Tellular Cellular Transceiver is available in a single channel (1M) or a four channel (4M) unit and is compatible with Teltone or Proctor equipment. The Proctor Transceiver, which is a single channel unit, is only compatible with Proctor equipment.

If the PSAP or originating central office is outside the normal service area of a cellular radio cell, a directional antenna shall be installed to ensure adequate signal strength for radio communications.

6) Description of Teltone Switched Access System

a) Trunk Dial Unit (TDU) - Equipment installed in a central office that will be actuated by the switch upon failure of 9-1-1 trunk to complete a call. Upon being actuated, the Unit will receive the 9-1-1 call and ANI, store the ANI, and dial (send) the telephone number of its corresponding Call Answer Unit (CAU) over the telecommunications path that has previously been programmed. The path may be the Public Switched Telephone Network or a cellular radio.

7) Description of Proctor Instant Network Backup System (Cont'd)

- g) PSAP Responder - Additional - Each additional PSAP Responder unit installed at the customer premises in an available mounting shelf slot.
- h) Central Office (CO) Responder - 1st - Installed on the incoming trunk of the 9-1-1 selective router in the Telephone Company central office. Consists of a 19 inch shelf, one CO Responder circuit card, relay rack, fuse panel and miscellaneous hardware needed to install the system. Each shelf holds up to ten (10) CO Responder circuit cards.
- i) Central Office (CO) Responder - Additional - Each additional CO Responder circuit card installed in an available CO Responder shelf.

The following items of equipment allow the diverted 9-1-1 call to be forwarded via an alternate cellular path.

- j) Line Switch & 4/2-Wire Converter Card. Available only when the "with monitoring: feature is chosen. It provides two output ports from the CDU, one to divert calls to the PSTN, the other to divert calls to a cellular network. This card will also convert an incoming 4-wire E&M trunk to a 2-wire ground start line circuit (GSLC).

k) Cellular Transceiver - A rack mounted cellular transceiver used with the Shelf system or the Mini-Pac unit to interface the Public Switched Network to the Cellular Network. Each unit interfaces with one 9-1-1 trunk. Includes the Cellular Transceiver Unit and miscellaneous material needed to install the equipment in the Company central office.

SPECIALIZED SERVICESEMERGENCY TELEPHONE SERVICE (9-1-1)**RECEIVED**

C. Private Switch (PS) 9-1-1 Service

FEB 7 1996

1. Description

**MISSOURI
Public Service Commission**

- a. Private Switch ALI Service (PS 9-1-1 Service) is a service offering which enables either:

- 1) Automatic Number Identification (ANI) or
- 2) ANI and Automatic Location Identification (ALI) to be provided to a Public Safety Answering Point (PSAP) by 9-1-1 calls originating from Direct Inward Dial (DID) station lines assigned a Directory Number that is directly accessible to the Public Switched Network and served by a Private Switch.

Definitions of terms used with Private Switch ALI Service (PS 9-1-1 Service) are included with the definitions for Emergency Telephone Service.

2. Conditions

a. Availability of Options

- 1) The ANI-ONLY option is available if the 9-1-1 Customer has subscribed to ANI-ONLY (C9-1-1) service and has established dedicated routing from the central office serving the PS provider to a Point of Concentration or to the serving PSAP; and if the PS Provider:
 - a) Orders a block(s) of sequential Directory Numbers, from which PS End Users are assigned individual Directory Numbers.

C. Private Switch (PS) 9-1-1 Service (Cont'd)

**MISSOURI
Public Service Commission**

2. Conditions (Cont'd)

a. Availability of Options (Cont'd)

1) (Cont'd)

b) Orders two "PS 9-1-1 Service" trunks or that quantity necessary to provide P.01 Grade of Service, whichever is the higher standard, to connect the PS Provider's Private Switch to its serving central office; and

c) Has a Private Switch capable of forwarding the ANI of each PS End User's Directory Numbers to the 9-1-1 Service Trunk when either 9-1-1 or X-9-1-1 is dialed (where X is the access number for the public switched network).

2) The ANI and ALI option is available if the 9-1-1 Customer subscribes to Enhanced 9-1-1 service and meets the same condition in C.2.a.1), and the PS Provider uses the PS ALI ENTRY software to maintain and forward PS End User Directory Numbers and location information in the NENA Standard format to the Company, with updates as necessary to keep records current and responds to requests from the Company to make corrections to record errors by uploading the corrected records within one working day.

FEB 7 1996

C. Private Switch (PS) 9-1-1 Service (Cont'd)

**MISSOURI
Public Service Commission**

2. Conditions (Cont'd)

- b. Service provisioning is dependent upon the type and configuration of the 9-1-1 network that is in place for the service area.

- 1) Private Switch to serving Central Office: The basic requirement is to treat the Private Switch as if it were a Central Office, so that dedicated PS 9-1-1 Service trunks are required from the Private Switch to its serving Central Office. There must be a minimum of two PS 9-1-1 Service trunks or a quantity that will provide a minimum of P.01 Transmission Grade of Service, whichever is the higher standard. The cost for this local loop connection is the responsibility of the PS Provider for each Private Switch owned or controlled by the PS Provider. The PS Provider is also responsible for monitoring the performance of the PS 9-1-1 Service Trunks, by conducting manual operational tests, from the Private Switch to the PSAP. Any PS 9-1-1 Service Trunks found to be defective shall be immediately reported to the Company.

In the case of Private Switch tandem or Private Switch host/remote networks, dedicated PS 9-1-1 Service trunks are required from the Private Switch network concentration point (tandem or host) to its servicing Central Office. The PS Provider is responsible for making sure that:

- (a) all phones that are connected to a PS Provider point of concentration are in the area served by the same E9-1-1 system to ensure correct routing, and
- (b) that tandeming cause no more than a four (4) second delay in completion of the 9-1-1 call.

Public Service Commission**

C. Private Switch (PS) 9-1-1 Service (Cont'd)

2. Conditions (Cont'd)

b. (Cont'd)

- 2) Point of Concentration: The 9-1-1 Customer is required to order network facilities in order to provide a minimum of two E9-1-1 Service Trunks or that quantity which will provide a minimum of P.01 Transmission Grade of Service, whichever is the higher standard, from the PS Provider's serving Central Office to the PSAP. This may be done via dedicated trunking from the PS to the PSAP, or it may be done via a Point of Concentration. Thus, there may arise a need to install an E9-1-1 Selective Router or Tandem in order to handle the traffic from numerous PS Providers. If so, the cost for this network modification is the responsibility of the 9-1-1 Customer.
 - 3) Termination at the PSAP: If additional lines, trunks, or termination are required from the Point of Concentration to the PSAP to handle PS 9-1-1 Service, and/or if additional local loop connections or terminations are required at the PSAP end, regardless of whether there is a Point of Concentration or not, the cost of these additions is the responsibility of the 9-1-1 Customer.
- c. The customer for this service may be any PS Provider whose participation in the 9-1-1 system is accepted by the 9-1-1 Customer.

C. Private Switch (PS) 9-1-1 Service (Cont'd)

3. Application for Service

- a. Service application for this service must be in writing from the 9-1-1 Customer. Each application for service will state that the PS Provider is authorized to join the 9-1-1 System and will include the following information:

- 1) The business name and address of the PS Provider,
- 2) The name, address, and telephone number of the PS Provider's Site Administrator,
- 3) The PS Provider service locations by street address and connectivity arrangements to the Company's network, and
- 4) The blocks and ranges of in-use and on-reserve Directory Numbers assigned to the PS End User.

4. Customer Obligations

- a. The 9-1-1 Customer is responsible for coordinating with the PS Provider so that the private switch provides full seven-digit ANI according to appropriate technical specifications. The private switch ANI function must be approved by the Company prior to implementation to ensure that the service will function properly. PS 9-1-1 Service will function properly only if ANI is in the proper format, if Directory Numbers are assigned for each station behind the PS, and if there is at least a pair of PS 9-1-1 Service Trunks to the central office, and if each station can be reached by dialing its Directory Number from the Public Switched Network.
- b. The 9-1-1 Customer is responsible to ensure that the PS Provider meets the 9-1-1 Customer's standard of timeliness in reporting PS End User ALI updates to the company.

4. Customer Obligations (Cont'd)

- c. When the PS Provider's Site Administrator has established a PS End User ALI record for each Directory Number, this Site Administrator will contact the 9-1-1 Customer to determine the correct street address and community name location as has been defined in the 9-1-1 Customer's Master Street Address Guide (MSAG). This information will be entered into the PS Provider's PS End User ALI record data base for transmission to the Company.
- d. The 9-1-1 Customer is responsible for informing the PS Provider's Site Administrator of the correct street address nomenclature and community name location as used in the MSAG, and of changes when they occur. The 9-1-1 Customer will ensure that all PS Provider PS End User street addresses are included in the MSAG and that each address is assigned an ESN and PSAP ID.
- e. The PS Provider is responsible for forwarding PS End User ALI record information to the Company according to the format and procedures established by the Company in the Company's "PS ALI ENTRY Users Guide," which may be obtained from a Company Account Executive. The PS Provider will assign a PS 9-1-1 Site Administrator with responsibility for these tasks. The Company will assign a password to the Site Administrator so that only authorized changes will be made to the PS Provider's ALI database at the Company's ALI ENTRY GATEWAY.
- f. The 9-1-1 Customer is responsible for coordinating with the PS Provider so that the Private Switch is equipped with a minimum of two PS 9-1-1 Service trunks or a quantity that will provide a minimum of P.01 Transmission Grade of Service, whichever is the higher standard. **MISSOURI
Public Service Commission**

4. Customer Obligations (Cont'd)

- g. Sublocation information: The PS Provider is responsible for assigning and maintaining current the Sublocation information in the PS End User ALI record. This Sublocation information will be stored in the 20-character Location Field in the ALI format.
- h. PS 9-1-1 Service information consisting of the name, address and telephone number of the PS End Users is confidential. The PS End User forfeits the privacy afforded by nonlisted and nonpublished service to the extent that the telephone number, the address and name associated with the originating station location are furnished to the PSAP and to the Company. The PS End User (with published, nonlisted or nonpublished numbers) consents to the storage and retention of PS End User's name, telephone number and address in the database and also consents to access to this information by the PSAP and Emergency Response Agencies to which the call may be transferred for the sole purpose of responding to an emergency call.
- i. The rates charged for PS 9-1-1 Service do not include, and the Company does not undertake, the tasks of inspection or constant monitoring to discover errors, defects and malfunctions in the service. The 9-1-1 Customer has the responsibility for reporting all known errors, defects and malfunctions to the Company. For example, if an attendant at the 9-1-1 Customer's PSAP learns from a 9-1-1 caller that the caller's address is not correct as is displayed in the ALI, that attendant must initiate action to notify the Company of the discrepancy. The 9-1-1 Customer and the Company will jointly establish procedures to facilitate this notification procedure.
- j. Cancellation of the service in whole or in part by the PS Provider prior to establishment thereof, will require payment to the Company of an amount equal to the cost of engineering, manufacturer's billing resulting from equipment orders, installation, assembly, labor, cost of removal and any other costs incurred by the Company up to the time of cancellation resulting from the customer's order for service.

5. Liabilities

- a. The Company's liability for interruption, failure, errors, acts, omissions or other occurrences related to PS 9-1-1 Service shall be limited to the same extent as set forth in this tariff regarding 9-1-1 Service in any other applicable section of the Company's tariffs, and in statute.
- b. PS 9-1-1 Service is provided solely for the benefit of the PS Provider. The provision of PS 9-1-1 Service shall not be interpreted, construed or regarded as being either expressly or impliedly for the benefit of, or creating any Company obligation toward any person or legal entity other than the PS Provider. The Company's tort liabilities, if any, to third parties shall be limited to instances in which the Company's conduct constitutes gross negligence or willful or wanton misconduct.
- c. The PS Provider is solely responsible for the PS End user ALI Record that is transmitted to the database. Neither the Company nor the 9-1-1 Customer will be responsible for the accuracy of the PS End User's ALI Record information beyond assigning the correct ESN and PSAP ID from the MSAG, and in transmitting each record as received from the PS Provider to the PSAP attendant's display upon receipt of a 9-1-1 call from the PS End User.
- d. Terminal equipment at the 9-1-1 Customer's sites that is used in connection with PS 9-1-1 Service, whether such equipment is provided by the Company or the customer, shall be configured so that it is unable to extract any information from the database other than as it relates to an emergency call. Any information obtained from the database in connection with an emergency call shall be used solely for the purpose of answering, handling and responding to emergency calls in a manner consistent with the nature of the emergency. Any permanent record associating a PS End User telephone number with his/her name or address shall be secured by the customer and disposed of in a manner that will retain the security.

- (1) This enables the Private Switch (PS) Provider's PS 9-1-1 Site Administrator to create ALI records in NENA Standard format in a computer database and upload PS End User records to the Company via modem. It provides limited database management capabilities to the PS End User records and enables receipt of downloaded PS End User record errors for correction. Some entry-checking features are incorporated to minimize chances of errors being entered. This software requires the PS Provider's Site Administrator to have access to a personal computer with an MS-DOS operating system, Version 3.1 or above, MS Windows software, sufficient RAM to operate MS Windows, a harddrive with ENTRY software, a modem with 2400 baud capability, communications software that will operate the modem, and transmit and receive data files using commonly accepted protocol, and a telephone line connection to the modem.

SERVICES FOR ENHANCED SERVICE PROVIDERS**MISSOURI
Public Service Commission**

A. General

1. This tariff contains regulations, rates and charges applicable to the provision of certain functional network capabilities. These capabilities, Services for Enhanced Service Providers (ESPs), expand the ability of ESPs to provide services to their clients through the use of the public switched telephone network. These network capabilities are provided by CASS COUNTY TELEPHONE, hereinafter referred to as the Company.
2. Services for ESPs are furnished only in central office areas where facilities and equipment, as determined by the Company, permit.
3. Services in this section of the tariff, designed primarily for ESPs are also available to others.

B. ESP Services

ESP Services are services offered by the Company in conjunction with exchange access line service as outlined in this Tariff. Customers may order and utilize these services to connect to the Company's local exchange network to provide enhanced services to the customer's clients. These services are as follows:

1. Message Waiting Indication - Audible - This service provides the ability for a customer to send and a customer's client line to receive an alerting signal in the form of an audible stutter dial tone. This alerting signal will be used by the customer to inform its clients that call information is waiting for them. This service is used in conjunction with Forwarded Call Information - Intraoffice.

GENERAL AND LOCAL EXCHANGE TARIFF

SPECIALIZED SERVICESSERVICES FOR ENHANCED SERVICE PROVIDERS

B. ESP Services (Cont'd)

2. Forwarded Call Information - Intraoffice - This service provides information on the called number (the customer's client line which was busy or did not answer and is equipped with call forwarding), the forwarded to number (the customer's enhanced service number to which redirected calls are forwarded), and the reason calls were forwarded or placed to the customer. The reasons for forwarding information may include when a client's line is:

- busy;
- not answered;
- either busy or not answered; or
- used to call the customer directly

Customer subscribing to this service must also subscribe to Data Link service.

3. Data Link - The facility that connects the customer's location to the Company's central office. This facility provides the capability of delivering to the customer information such as the called number, the call forwarded number, and the condition of the call being forwarded by each central office serving area in which the customer wishes to offer enhanced services. Customers subscribing to this service must also subscribe to Forwarded Call Information - Intraoffice.
4. Queuing - This service provides customers subscribing to PBX Access lines or Digital Centrex lines arranged in a multiline hunt group the capability to equip that group with a queuing feature. Calls made to a multiline hunt group equipped with the queuing feature will complete immediately if there is an idle terminal in the hunt group. However, if all terminals in the hunt group are busy, the call is placed on queue and waits its turn to be served.

B. ESP Services (Cont'd)

5. User Transfer - This service provides customers, including to PBX Access or Digital Centrex lines used in conjunction with ESPs equipment the ability to temporarily hold an established call, originate another call to a third party, and then transfer the first call to the third party. When a call has been transferred the original line/trunk is cleared to place or receive another call.

C. Definitions

1. Client - The term "client" denotes any individual, partnership, association, joint-stock company, trust corporation, or governmental entity or any other entity which subscribes to the services offered by the customer utilizing those services provided under this Section of the Tariff.
2. Customer - The term "customer(s)" denotes an ESP, individual, partnership, association, joint-stock company, trust corporation, or governmental entity or any other entity which subscribes to the services offered under this Section of the Tariff.
3. Enhanced Service Provider - An Enhanced Service Provider (ESP) is a provider of telecommunication related services to its patrons, offered over the Company transmission facilities, which employ computer processing applications that act on the format, content, code, protocol or similar aspects of the patron's transmitted information; provides the patron additional, different or restructured information; or involve patron interaction with stored information.
4. ESP Bill Option - This is an ordering and billing option that allows a customer, on behalf of that customer's clients, to order and pay for the provisioning and monthly recurring charges of only those services necessary to establish a call forwarding service or a forwarded call information service. Should a client dispute authorization for the exercise of this option in conjunction with his/her service, the customer will be held liable for orders involving clients for whom no agency agreement exists.

D. Regulations and Conditions

1. Undertaking of the Company

- a. The limitation of the Company's liability is set forth in this Tariff.
- b. The Company may disconnect the customer's service for failure to comply with any provision(s) of this Tariff or any tariff of the Company.
- c. ESP Client Services billed to ESP orders can only be accepted if the client line is specified and available for provisioning.
- d. If the Company finds the provision of ESP Services, as outlined herein, is adversely affecting or would adversely affect the Company's ability to provide, complete or maintain the level of or quality of its other services to its exchange telephone customers, the Company may refuse to provide or may discontinue providing such services.
- e. ESP Services will not be provided in connection with Public Telephone Service, Semi-public Telephone Service, or Party Line Service.
- f. Charges for calls between the originating location and the call forward equipped line are applicable in accordance with regularly filed tariffs for operator station or person toll.
- g. The Company is not required to notify an ESP customer when the Company disconnects a service of another customer who is also the ESP's client.

MISSOURI
Public Service Commission

2. Enhanced Service Provider's Obligations

- a. Customer services as outlined herein and the promotion and provision thereof must comply with all applicable Federal, state and local laws, rules and regulations.
- b. The customer shall indemnify, defend, protect and save harmless the Company against any and all losses, claims, demands, suits, causes of action, damages, costs or liability in law or in equity of every kind and nature whatsoever, including attorney's fees, arising directly or indirectly from the service or in connection therewith, including but not limited to any loss, damage, expense, or liability resulting from any infringement or claim or infringement of any patents, trademarks, or copyright, or resulting from any claims of libel or slander.
- c. The customer is responsible for all provisioning and monthly recurring charges for billed-to-ESP services including those situations in which the customer's client and/or the Company has temporarily suspended or disconnected that client's service.
- d. The customer has exclusive responsibility and control over the content, quality, and characteristics of services or conversations conducted over the customer's equipment. The Company assumes no liability for the quality, defects in, or content of those services. The customer shall exclude from its services any matter, the dissemination of which is prohibited by law, or by rules, regulations or order of any governmental agency.
- e. The customer shall not publish or use any advertising, sales promotion material, or other publicity relating to the subject matter of ESP Services wherein the Company's name or language, signs, markings or symbols are used, from which the connection of the Company's name therewith may be, in the Company's judgment, reasonably inferred or implied without the prior written approval of the Company.

Public Service Commission

2. Enhanced Service Provider's Obligations (Cont'd)

- f. The customer is financially responsible for any and all costs and expenses involved in providing its services, including, but not limited to, the customer's premises equipment, program development, advertising, and promotional expenses. The customer is financially responsible for all facilities required to connect the customer's equipment to the Company's serving wire center, in accordance with all applicable rates and charges under the Company's Tariff.
- g. The customer's premises equipment shall be interconnected in accordance with the Regulations and Conditions and applicable rates as set forth in this Section, Customer Provided Equipment. If the customer violates this requirement, the Company may disconnect the customer's service.
- h. Customers subscribing to the services outlined in this Section of the Tariff, are required to subscribe to PBX facilities or Centrex lines capable of supporting the enhanced service(s) being offered. Also, they may be required to subscribe to as many additional PBXs or Centrex lines as, in the judgment of the Company, are required to adequately handle calls without impairing service to others.
- i. The customer is responsible for disconnecting ESP Services ordered for its client(s), including those situations where the customer's client(s) no longer have service with the Company.
- j. The customer is responsible for the payment of applicable charges for each forwarded call completed in conjunction with User Transfer Service.
- k. The ESP will not disclose the calling party's telephone number, except for services directly related to the call (e.g. call set-up, routing of calls, billing and maintenance), unless permission is given by the calling party.

SPECIAL ASSEMBLIES FOR SPECULATIVE PROJECTSMISSOURI
Public Service Commission

A. Special assemblies of equipment or speculative projects for which no provision is not otherwise made in this Tariff may be provided where practicable if not detrimental to any of the services furnished by the Company.

1. The charge for such facilities may be in the form of an installation charge, a monthly charge, a termination charge or any combination thereof and will include, when applicable, one or more of the following estimated expense items associated with the special equipment or service provided:

- Maintenance expense
- Depreciation expense--including reusable and nonrecoverable items
- Administration expense
- Taxes--including federal income tax
- Any other specific items of expense that may be associated with the facility provided
- A reasonable return on investment

2. The estimated installation cost used in the derivation of the various expense items shall include the following: (*)

- Material
- Material overhead
- Installation labor
- Installation labor overhead

3. The Company will provide an estimate of actual rates and/or charges to the customer prior to installation.

B. In connection with marketing and sales studies and marketing and sales programs, the Company reserves the right to waive Service Charges within specified areas for such periods of time as designated by the Company and approved by the Missouri Public Service Commission.

- (*) Loaded labor includes costs which are direct in nature, and also includes indirect overhead costs which cannot be specifically assigned to projects. These indirect overhead costs include supervision, vehicle, house services, pension and payroll tax expenses. Other indirect costs such as vacation, sick time and meetings are also included. These costs are accumulated in a pool of costs and then are distributed as actual hours are worked.

When the Company furnishes a facility or service for which a rate or charge is not specified in the Company's tariffs, charges will be determined on an Individual Case Basis (ICB). Such charges will be made available to similarly situated customers on a nondiscriminatory basis. ICB Rates will be structured to recover the Company's cost of providing the services. Terms of specific ICB contracts will be made available to the Missouri Public Service Commission upon request on a proprietary basis.

COMBINATION CENTRAL OFFICE ACCESS LINE SERVICE - (Bridged Lines) **MISSOURI**
Public Service Commission

A. General

1. Combination central office access line service is intended to take care of situations where a customer wishes to contract for central office access lines at each of two separate locations (ordinarily each station will be assigned a separate telephone number) within the same exchange so as to be able to answer calls for one central office access line at the other central office access line location or both lines at either location.
2. Combination central office access line service is provided only in connection with nongrouped individual central office access lines (excluding coin box lines, key equipment, key cabinets and similar switching devices) and is furnished subject to the ability of the Company to provide satisfactory transmission and signaling arrangements and to the rate treatment outlined herein.
3. Combination central office access line service may be employed where one station is at a business location and the other at a residence or where both stations are at either business or residence locations. However, it is permitted only in connection with services contracted for and used by the same customer.

B. Rates and Charges

1. Each central office access line is charged for at the established one-party line business or residence rate, according to the classification of the service at each premises as to business or residence character.
2. Each central office access line is considered separately and the appropriate zone rate is applicable for one-party line service outside the base rate area.

GROUP ALERTING AND DISPATCHING SERVICE**MISSOURI
Public Service Commission**

A. General

1. The quoted rates are based upon such limitations of liability as appear below and in other sections of this Tariff and would be higher if the liability were extended or unlimited. Group alerting and dispatching systems are furnished only subject to the following conditions and regulations:
 - a. The group alerting and dispatching system is supplied only for the benefit of the customer, and no other person shall derive any rights from the furnishing of the group alerting and dispatching system by the Company. When the group alerting and dispatching system is furnished to a corporation, city, town or municipality, no person other than the corporation, city, town or municipality, as a legal entity or governmental body, shall be deemed to be a customer and service furnished to any legal entity or governmental body shall not be interpreted, construed or regarded as being for the benefit of, or creating any contractual rights in or duty toward any individual connected with such corporation, or any individual resident of any city, town or municipality. Any benefit derived from the use of the group alerting and dispatching system by persons other than the customer is to be considered as incidental.
 - b. The rates charged for the group alerting and dispatching system do not contemplate constant monitoring by the Company to discover operating defects and malfunctions. The customer shall have the responsibility of discovering such operating defects and malfunctions, and assumes the duty of, and will make such tests as are in the judgment of the customer, required to determine whether the system is functioning properly. The customer shall notify the Company whenever the system is not functioning properly.

GROUP ALERTING AND DISPATCHING SERVICE**MISSOURI
Public Service Commission**

A. General (Cont'd)

1. (Cont'd)

c. The Company shall not be liable for any loss or damages arising out of interruptions, defects, failure or malfunctions of the group alerting and dispatching system which occur during the operation of the system until after it has been duly notified by the customer that the system is not functioning properly and the Company has had a reasonable time thereafter to correct such defect or malfunction. Damages arising out of interruptions, defects, failures or malfunctions of the system after the Company has been so notified, and has had a reasonable time to correct the same, shall in no event exceed an amount equivalent to the charges made for the system for the period following notice from the customer until service is restored. The customer indemnifies the Company against all loss or damage to persons or property occurring from the use, attempted use or failure of the group alerting and dispatching system before the Company has been notified as provided herein and before it has had a reasonable time to restore service.

2. Group emergency alerting and dispatching systems are available in all dial central office areas to facilitate the making of concurrent emergency calls to a fixed group or groups of numbers (individual line customers) to obviate the need for making individual calls to each number.

A. General (Cont'd)

3. The systems are restricted to a single central office unit when operated with general exchange service.
4. Group alerting and dispatching system equipment is provided only after written authorization is obtained from the responsible municipal, civic or other managing official having jurisdiction over the company, service, city, municipality, group, etc., for which such equipment is proposed to be installed.
5. Customer owned equipment and facilities used in connection with group alerting and dispatching systems, i.e., fire siren relays, monitor recording devices, shall not be located on the premises of the Company's central office building.
6. Service features, other than those regularly available with the standard group alerting and dispatching systems described herein, are furnished wherever practicable, if not detrimental to the service, and additional monthly and/or nonrecurring charges based on the costs incurred apply.
7. Where unusual installation and/or construction work is involved to provide a requested group alerting and dispatching system of associated service, the regulations as specified in the Special Assemblies Section of this Tariff will apply.
8. The customer shall furnish, install and maintain the commercial power and convenience outlets to properly operate any apparatus, equipment or customer owned device, to be used in connection with a group alerting and dispatching system provided by this Company.
9. The Company will furnish all lines and central office equipment required for such group alerting and dispatching systems.

B. Number 5 Fire Reporting System

MISSOURI
Public Service Commission

1. Operation

- a. Individuals reporting fire emergencies dial a listed connector telephone number to activate the system located in the central office. The fire system causes all interconnected firemen's one-party line telephones to ring with a continuous distinctive ringing tone, except those lines which are busy. On busy firemen's lines, a special tone is applied informing such persons of the incoming fire call. When the busy fireman's line is made free, the system begins ringing such stations with continuous ring tone also.
- b. The calling party reports the emergency situation to the first fireman to answer the fire call and then disconnects. Even after a fireman, or firemen, have answered the fire call, the equipment will continue to ring the unanswered firemen's stations with continuous ringing tone until the completion of the equipment timing cycle. During this cycle, normally from six to eight minutes, the firemen are allowed to discuss the situation on an interconnected common talking circuit established by the fire equipment.
- c. Where desired, optional equipment permits any fireman to sound the fire siren by depressing a button at his special telephone instrument. The siren, or other signal, cannot be sounded until after the fire alarm system has been activated by the dialing of the listed fire number.
- d. The maximum capacity of the fire system is twenty (20) interconnected firemen's one-party station lines.

2. Rates and Charges

- a. The monthly rates below are in addition to all applicable monthly charges for exchange services or facilities provided to city fire departments, fire associations, volunteer fire departments, etc., and/or services provided to individual firemen interconnected with such equipment. Rates for exchange services or facilities are specified in this Tariff.

SPECIAL REVERSED CHARGE TOLL SERVICE (Enterprise/Zenith)**MISSOURI
Public Service Commission**

A. General

1. This service provides an arrangement in connection with station-to-station message toll service whereby a customer offers patrons the privilege of calling him without the payment of a toll charge and without having to request specific reversal of the charge.
2. This service is available to customers to any class of central office access line service except coin box service.
3. The exchanges in which such service is furnished are selected by the customer subject to the approval of the Company and the Company assigns and lists in the directory a special call number designation for use of patrons in each such exchange.
4. Calls for the special call number are accepted when originating at telephones located in the exchanges with which the special call number is associated, except that where several exchanges are served from one switchboard, the customer must assume all charges for calls for his special call number originating from telephones in any of the exchanges. Only those toll calls placed by calling this special number are considered as coming within the scope of this service.
5. The customer assumes the charges for all toll calls placed by calling this special number in each exchange.
6. The initial contract period for this service is three months. Service may be terminated within the initial contract period by payment of the minimum service charge to the end of the initial contract period.

H. Regulations

1. Unless otherwise specified in these regulations, MCA is offered to all classes and grades of residence and business customers located in an MCA exchange. MCA Service is also available in conjunction with Foreign Exchange Service in a MCA exchange.
2. MCA Service is not offered in conjunction with Public, Semi-Public, Customer-Owned Pay Telephone or Cellular Service.
3. MCA is designed and intended for the exclusive use of the end user customer of the Company. MCA is not to be shared, resold or used in any configuration of customer-provided equipment with the intent of reselling the service. MCA is available to interexchange carriers or other telecommunications service providers for administrative trunks only.
4. Unless otherwise specified, MCA is subject to the Rules and Regulations applying to all customers as specified in the General and Local Exchange Tariff of the Company. Furthermore, all Rules and Regulations governing local exchange service apply to MCA service.
5. The minimum service period for subscription to MCA service is one month.
6. Rate Application
 - a. The MCA monthly rates as specified in this Section, apply on a per-line basis except for Centrex type services which will be billed on a PBX trunk equivalent type basis, as specified in the General and Local Exchange Tariff of the Company.
 - b. The MCA monthly rates are billed one month in advance.
 - c. MCA rates and charges apply in addition to the local exchange monthly access rate and all other rates and charges paid by the customer for other services of the Company.

MO. PUBLIC SERVICE COMM

GENERAL AND LOCAL EXCHANGE TARIFF
211 Services

211 SERVICE FOR INFORMATION AND REFERRAL SERVICE

A. GENERAL REGULATIONS

1. The 211 Service for Information and Referral Service (211 Service) is a locally assigned three digit abbreviated dialing code provided to an Approved Information and Referral Service Provider for use in making available community information and referral services to the public by way of voice grade facilities. The 211 abbreviated dialing code is available to the Approved Information and Referral Service Provider as a tarified, local calling area based service (the "211 Service").
2. The 211 Service allows a Company subscriber to access an Approved Information and Referral Service Provider call center by dialing only the 211 abbreviated dialing code. Subject to other terms and conditions of this Tariff, Company subscribers shall be able to make and the Approved Information and Referral Service Provider shall be able to receive calls using the 211 Service as part of their local exchange services. The 211 Service is supplemental to and is not a replacement for either party's local exchange service.
3. All 211 abbreviated dialing code calls must be local in nature and must not result in any intraLATA toll, interLATA long distance or pay-per-call charges to Company subscribers.
4. The 211 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXXX calling. The 211 Service is otherwise available wherever local service is available.

B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE PROVIDER

1. The Approved Information and Referral Service Provider must submit a written application for 211 Service to the Company at the local exchange level. The Approved Information and Referral Service Provider may establish 211 Service in all or part of the Company's local exchanges. There may be only one 211 Service Provider per exchange.
2. The Approved Information and Referral Service Provider's written application to establish 211 Service in Company local exchange must include the following:
 - a. The local, foreign exchange or toll free telephone number into which the Company is to translate the dialed 211 abbreviated code. If the Approved Information and Referral Service Provider desires to change the telephone number into which the 211 abbreviated dialing code is translated, the Approved Information and Referral Service Provider must pay the Number Change Charge specified in Section 15.F.6.

211 Services

211 SERVICE FOR INFORMATION AND REFERRAL SERVICE (Cont'd)

B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE PROVIDER
(Cont'd)

- b. A location description of the Approved Information and Referral Service Provider call center where 211 calls made from the Company local exchange will be routed.
 - c. For network sizing and protection, an estimate of annual call volumes, the expected busy hour and holding time for each call to the 211 Service.
 - d. An acknowledgment of the possibility that the Commission's assignment of the 211 abbreviated dialing code may be recalled at any time.
 - e. Complete billing and contact information.
3. Local Calling for Company Subscribers
- a. The Approved Information and Referral Service Provider, in cooperation with the Company, must assure that all 211 Service calls are local in nature and do not generate intraLATA toll, interLATA long distance or pay-per-call charges for Company subscribers.
 - b. When the Approved Information and Referral Service Provider applies for 211 Service in a Company local exchange, the Approved Information and Referral Service Provider must supply the Company with a seven or ten digit telephone number that terminates within the Company local exchange's local calling area or to a toll free number. The Company will translate the 211 digits into the telephone number provided by the Approved Information and Referral Service Provider.
 - c. When the Approved Information and Referral Service Provider applies for 211 Service in a Company local exchange and an Approved Information and Referral Service Provider call center is not located within the local exchange's local calling area, then the Approved Information and Referral Service Provider must establish foreign exchange service or supply the Company with a toll free telephone number so that Company subscribers' 211 Service calls do not incur toll charges.

211 Services

211 SERVICE FOR INFORMATION AND REFERRAL SERVICE (Cont'd)

B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE PROVIDER (Cont'd)

4. The Approved Information and Referral Service Provider is liable for and will indemnify, protect, defend and hold harmless the Company against all suits, actions, claims, demands and judgments, plus any expenses and counsel fees incurred by the Company on account thereof, whether suffered, made, instituted or asserted by the Approved Information and Referral Service Provider or any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the Approved Information and Referral Service Provider or others, arising out of or resulting directly or indirectly from the 211 Service.
5. The Approved Information and Referral Service Provider must develop an appropriate method for responding to 211 calls directed to it out of confusion or in error by Company subscribers.
6. The Approved Information and Referral Service Provider must subscribe to termination facilities and lines in sufficient quantities to provide adequate service to the public, and enable the Approved Information and Referral Service Provider to receive calls to the 211 Service during normal business hours.
7. The 211 Service is provided on the condition that the Approved Information and Referral Service Provider subscribes to termination facilities and lines in sufficient quantities to adequately handle calls to the 211 Service without interfering with or impairing any services offered by the Company. There will be one path available for each line to which the 211 Provider subscribes.
8. The Approved Information and Referral Service Provider must comply with all present and future state and federal rules pertaining to abbreviated dialing codes.
9. The Approved Information and Referral Service Provider is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performances are used in connection with the 211 Service, and from all holders of copyrights, trademarks and patents used in connection with the said service.
10. The Approved Information and Referral Service Provider shall respond promptly to any and all complaints lodged with any regulatory authority against the 211 Service. If requested by the Company, the Approved Information and Referral Service Provider will assist the Company in responding to complaints made to the Company concerning the 211 Service.

GENERAL AND LOCAL EXCHANGE TARIFF
211 Services

211 SERVICE FOR INFORMATION AND REFERRAL SERVICE (Cont'd)

B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE PROVIDER (Cont'd)

11. The Approved Information and Referral Service Provider shall not promote the 211 Service with the use of an autodialer or broadcasting of tones that dial the 211 abbreviated dialing code.
12. The 211 Service is only available to end users located in Company local exchanges. To establish 211 calling to end users in non-Company local exchanges, the Approved Information and Referral Service Provider must make appropriate arrangements with the companies serving those local exchanges, even where Company subscribers may make local calls to the non-Company local exchanges.
13. The Approved Information and Referral Service Provider must work separately with competitive local exchange carriers operating and serving customers in the Company's local exchanges to ascertain whether 211 abbreviated dialing will be available to their end users.

C. OBLIGATIONS OF THE COMPANY

1. The Company will establish the 211 Service within ninety days after receipt of the Approved Information and Referral Service Provider's completed application(s) for service or the effective date of this tariff, whichever is later.
2. When a 211 Service call is placed by the calling party via interconnection with an interexchange carrier, the Company cannot guarantee the completion of said 211 Service call, the quality of the call or any features that may otherwise be provided with 211 Service.
3. The Company does not undertake to answer and forward 211 Service calls but furnishes the use of its facilities to enable the Approved Information and Referral Service Provider to respond to such calls at the Approved Information and Referral Service Provider established call centers.
4. The rates charged for 211 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in service, nor does the Company undertake such responsibility. The Approved Information and Referral Service Provider shall make such operational tests as, in the judgment of the Approved Information and Referral Service Provider, are required to determine whether the Company's facilities are functioning properly for its use. The Approved Information and Referral Service Provider shall promptly notify the Company in the event the Company's facilities are not functioning properly.

211 Services

211 SERVICE FOR INFORMATION AND REFERRAL SERVICE (Cont'd)

D. LIABILITY

1. The liability of the Company for losses or damages of any kind arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in any facility furnished by the Company, occurring in the course of furnishing 211 Service, or of the Company in failing to maintain proper standards of maintenance and operation, or to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the Approved Information and Referral Service Provider for the 211 Service and local exchange services for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.
2. The Company is not liable for losses or damages caused by the negligence of the Approved Information and Referral Service Provider.
3. The Company's entire liability to any person for interruption or failure of the 211 Service is limited to the terms set forth in this section and other sections of this Tariff.

E. OTHER TERMS AND CONDITIONS

1. The 211 Service will not provide calling number information in real time to the Approved Information and Referral Service Provider. If this type of information is required, the Approved Information and Referral Service Provider must subscribe to compatible Caller ID service as described in Section 6 of this tariff. The Caller ID service will only provide calling number information as described in Section 6 of this tariff.
2. The 211 Service is provided for the benefit of the Approved Information and Referral Service Provider. The provision of the 211 Service by the Company shall not be interpreted, constructed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the Approved Information and Referral Service Provider.
3. A written notice will be sent to the Approved Information and Referral Service Provider following oral notification when its 211 Service unreasonably interferes with or impairs other services rendered to the public by the Company or by other subscribers of abbreviated dialing codes. If after notification the Approved Information and Referral Service Provider makes no modification in method of operation or in the service arrangements that are deemed service-protective by the Company, or if the Approved Information and Referral Service Provider is

unwilling to accept the modifications, or if the Approved Information and Referral Service Provider continues to cause service impairment, the Company reserves the right, at any time, without further notice, to institute protective measures, up to and including termination of service.

4. In an emergency situation as determined by the Company, the Company reserves the right, at any time, without notice, to institute protective measures, up to and including termination of service.

F. RATES AND CHARGES

1. Subject to other terms and conditions of this Tariff, Company subscribers shall be able to make and the Approved Information and Referral Service Provider shall be able to receive calls using the 211 Service as part of both parties' local exchange service. The 211 Service is supplemental to and is not a replacement for either party's local exchange service.
2. A nonrecurring Central Office Charge applies for each Company host central office out of which 211 Service is established, as follows:
 - a. When a Company local exchange is served by more than one host central office a Central Office Charge is applicable for each host central office in the Company local exchange.
 - b. If the Approved Information and Referral Service Provider establishes 211 Service in multiple Company local exchanges served by the same host central office, only one Central Office Charge shall apply. However, the full Central Office Charge applies whether or not the Approved Information and Referral Service Provider requests 211 Service in all the Company local exchanges served by that host central office.
3. An Exclusion Charge Applies in lieu of a Central Office Charge for the establishment of 211 Service as follows:
 - a. When the Approved Information and Referral Service Provider does not simultaneously establish 211 Service in every Company local exchange served by a host central office, the Approved Information and Referral Service Provider shall pay an Exclusion Charge per host central office if any subtending local exchange(s) are excluded from the transaction.

2. Regulations (Cont'd)

- g. Not all features may be available in all areas.
- h. Voice Advantage Bundles are available only in areas specifically equipped to provide such service and are subject to the availability and technical limitations of facilities.
- i. Rates do not include Federal Subscriber Line Charges, Universal Service Charges, fees, taxes, and other surcharges.
- j. Voice Advantage Bundle customers may terminate the package or switch to another calling package or plan at any time.
- k. The Voice Advantage Bundles are offered only to residential customers for the customer's personal, residential, non-business and non-professional use. Use of the Voice Advantage Bundle is prohibited for any profit or nonprofit commercial or governmental activities, including, but not limited to, activities related to home office, business, sales, telecommuting, telemarketing, continuous autodialing, fax broadcast, fax blasting, resale or transfer of the Voice Advantage Bundle or any other activity that would be inconsistent with the normal residential voice-grade applications and usage patterns. If it is determined that the usage on the Voice Advantage Bundle is not consistent with residential applications or is otherwise prohibited as specified in this tariff, Consolidated Communications of Missouri Company d/b/a/ Consolidated Communications will contact the customer and arrange a transfer to a business service or terminate service under the residential Voice Advantage Bundle. Additional restrictions may apply as provided elsewhere in the tariff.
- l. Customers enrolled in the Voice Advantage Bundles, who fail to pay the entire bundle rate due per month, will have all existing Voice Advantage Bundles converted to the applicable tariff rates for the individual services included in their bundle. Service charges will not apply for converting services back to their individual tariff rates. Such customers will not be permitted to re-enroll in the Voice Advantage Bundle until such time as all associated unpaid balances have been paid in full.
- m. Voice Advantage Bundle customers have the option of subscribing to Voice Mail* and Internet* products at discounted rates.

* Denotes non-regulated service
