In the matter of United Cities Gas)
Company's Purchased Gas Adjustment)
Tariff Revisions to be Reviewed in Its)
2000-2001 Actual Cost Adjustment) Case No. GR-2001-397

MOTION FOR PROTECTIVE ORDER

COMES NOW the Staff ("Staff") of the Missouri Public Service Commission ("Commission") and respectfully requests that the Commission issue a Protective Order in this proceeding. In support of this Motion, the Staff states as follows:

1. This case involves United Cities Gas Company's ("United Cities" or "Company") Purchased Gas Adjustment factors to be reviewed in its 2000-2001 Actual Cost Adjustment. As part of its discovery in this case, Staff has already served two sets of Data Requests on United Cities.
2. Based upon its prior experience and assertions by counsel for parties in other similar cases resulting in the issuance of a Protective Order, the Staff believes the Company may claim that certain information should not be made public, although it is relevant to the proceeding, because it is either: (a) "proprietary" in that the information contains trade secrets, as well as confidential or private technical, financial, and business information; or (b) "highly confidential" in that it concerns (1) material or documents that contain information relating directly to specific customers; or (2) market-specific information relating to services offered in competition with other parties or non-parties. Among other things, this information may contain: customer specific information,

competitive pricing information, trade secrets, confidential technical financial and business information or other material of a confidential proprietary nature.

3. The information may become a part of the report filed with the Commission and would therefore become publicly available through that filing, as well as through subsequent proceedings in this case, without a protective order in place. Staff anticipates that United Cities will allege that the public disclosure of this information will harm the Company's business interests, and that the information subject to the proposed Protective Order will not be found in any publicly available document.

5. Counsel for the Company and Office of the Public Counsel have no objection to this request for a standard Protective Order.

WHEREFORE, pursuant to 4 CSR 240-2.085, the Staff respectfully requests that the Commission issue in this proceeding its standard Protective Order, containing both of the Highly Confidential and Proprietary categories, so that the respondents may respond to data requests in a confidential manner if a particular response so qualifies.

Respectfully submitted,

DANA K. JOYCE
