January 31, 2001

Mr. Dale Hardy Roberts, Secretary  
Missouri Public Service Commission  
P.O. Box 360  
Jefferson City MO 65102

GW-2001-398

Dear Mr. Roberts:

I am writing regarding the recent Missouri Public Service Commission Order, Case No. GW-2001-398, establishing and creating a task force to investigate the process for the recovery of natural gas commodity cost increases by LDCs from their customers. On behalf of Cooperating School Districts of Greater St. Louis and its members, I would like to submit the name of Bill Guinther to participate and serve on the task force.

Bill has been the energy manager of the Parkway School District for over eight years and is the current chair of the St. Louis RCGA Energy Committee. Previously he has assisted us and other education organizations in the state by participating on the state level work groups that were in place a few years ago which investigated the deregulation of the electric power industry. He continues to remain very active and knowledgeable about this issue and maintains communication with us as events occur. Due to his background and knowledge in the energy arena, we would very much like to have him participate on this task force on our behalf. We hope you would seriously consider him.

If you have any questions, you may contact us directly, or if you want to contact Bill directly, his address and phone number are:

Bill Guinther  
Facilities Office  
Parkway School District  
455 North Woods Mill Road  
Chesterfield MO 63017  
314-415-8278  
bguinther@pkwy.k12.mo.us

Thank you for your consideration.

Sincerely,

Gary K. Wright  
Executive Director

GKW:er
