**Re: Evergy Missouri West True-Up Adjustment, Case No. EF-2022-0155
Authorizing the Financing of Extraordinary Storm Costs through an
Issuance of Securitized Utility Tariff Bonds, Schedule SUR**

Dear Ms. Dippell:

Pursuant to the Missouri Public Service Commission's ("Commission") November 17, 2022 Amended Report and Order and Financing Order, in Case No. EF-2022-0155, Evergy Missouri West, Inc. ("EMW") as servicer of Securitized Utility Tariff Bonds, Series 2024-A, tranche A-1 hereby submits a proposed rate schedule to adjust its Schedule SUR charges. The proposed rate schedule bears an issue date of November 25, 2025 and an effective date of December 25, 2025.

This adjustment is intended to satisfy the requirements of the Financing Order by adjusting the SUR rates at least annually in order to correct for any over collection or under collection and to ensure that the expected collection of amounts is sufficient to timely provide for payments of debt service and financing costs authorized in Case No. EF-2022-0155.

Ordering Paragraph 15 refers to paragraph 209 of the Financing Order, describing how each true-up adjustment will be handled:

Each true-up adjustment filing will be filed not less than 30 days before the billing cycle of the month in which the revised securitized utility tariff charge will be in effect. Each true-up adjustment filing will set forth the servicer's calculation of the true-up adjustment to the securitized utility tariff charges. Within 30 days after receiving a true-up adjustment filing, the Commission will either approve the request or inform Evergy West of any mathematical or clerical errors in its calculation. If the Commission informs Evergy West of mathematical or clerical errors in its calculation, Evergy West will correct its error and refile its request. The time frames previously described in this paragraph will apply to a refiled request.
