**RE: Evergy Metro, Inc. d/b/a Evergy Missouri Metro Rate Case Filing, File No. ER-2026-0143**

Dear Nancy Dippell:

Enclosed are tariff documents reflecting revisions for Evergy Metro, Inc. d/b/a Evergy Missouri Metro's ("Evergy Missouri Metro") rate case filing. Please note that, in this rate case (File No. ER-2026-0143) Evergy Missouri Metro will be filing an exhaustive update to Evergy Missouri Metro's Rules & Regulations tariffs, currently designated as PSC Mo. No. 2. Evergy Missouri Metro is aligning the language in its Rules & Regulations tariffs with its Evergy Missouri West, Inc. d/b/a Evergy Missouri West jurisdiction, where appropriate.

Because of the complete changing of tariff sheets and section numbering along with textual changes, Evergy Missouri Metro conferred with and came to an agreement with Staff ("Staff") for the Missouri Public Service Commission ("Commission") to not provide redline versions of its proposed Rules & Regulations changes because (i) the redlines would simply be too voluminous and (ii) would not support Staff review. Instead, the Evergy Missouri Metro will provide a workpaper to guide Staff to the location in the new Rules & Regulations (which will be designated PSC Mo. No. 3) that covers the current Rule & Regulation sections.

Because the Evergy Missouri Metro will not be filing redlines for these changes to the Rules & Regulations, they will be represented in a Letter of Transmittal as a full withdrawal of PSC Mo. No. 2 to be replaced by PSC Mo. NO. 3.

Any changes to the tariff sheets in PSC Mo. No. 7 (Rates) will be reflected in both clean and red-lined versions for Staff review. Please let us know if you have any questions or require further clarification.

Thank you for your consideration of these tariffs. Please contact me directly at [james.ferneau@evergy.com](mailto:james.ferneau@evergy.com) if you require further information.

Sincerely,
