

BEFORE THE PUBLIC SERVICE COMMISSION OF THE STATE OF MISSOURI

In the Matter of Vicinity Energy Kansas City,) Case No. HT-2026-0192
Inc.'s Production Adjustment Cost Clause) Tracking No. JH-2026-0100

ORDER APPROVING PACC TARIFF

Issue Date: March 16, 2026

Effective Date: April 1, 2026

On January 30, 2026, Vicinity Energy Kansas City, Inc. (Vicinity) filed a tariff sheet (Tracking No. JH-2026-0100) to adjust its Production Adjustment Cost Clause (PACC).

The tariff had an effective date of April 1, 2026.¹

The tariff would implement Vicinity's PACC rates for steam service starting April 1, 2026, through March 31, 2027. In this filing, Vicinity proposes a positive PACC surcharge of \$0.69599 per million pounds (Mlb), which is an increase of \$1.50816 over the current PACC surcharge of (\$0.81217) per Mlb. Under its PACC, Vicinity is required to file annual, with an option of semi-annual, rate adjustments to reflect changes to fuel and production costs. Vicinity submitted the direct testimony of Scott Stordahl in support of the proposed PACC tariff sheets. The Commission issued an order directing notice and setting a deadline for applications to intervene and no applications were received.

On March 3, 2026, the Commission's Staff (Staff) recommended the Commission approve Vicinity's PACC tariff sheets to become effective on April 1, 2026. Staff's recommendation for approval of the new PACC surcharge in this case is solely based on the accuracy of Vicinity's calculations and is not indicative of the prudence of the costs

included in the PACC surcharge. No responses to Staff's recommendation were received.

The Commission has reviewed Vicinity's tariff sheets and Staff's verified recommendation. Based on these filings, the Commission finds that the tariff sheets comply with the Commission's previous orders and Vicinity's current tariff provisions and should be approved.

So that this order can be effective at the same time as the tariff sheets being approved, the Commission finds it reasonable to make this order effective in less than thirty days.

THE COMMISSION ORDERS THAT:

1. Tracking No. JH-2026-0100 is approved to become effective April 1, 2026. The tariff sheets approved are:
