Approval to Change a Water and Sewer)	<u>File No. SR-2026-0161</u>
Infrastructure Rate Adjustment (WSIRA).)	

MOTION FOR LEAVE TO UPDATE PETITION OUT OF TIME

COMES NOW Missouri-American Water Company ("MAWC"), by and through the undersigned counsel, and pursuant to 20 CSR 4240-2.050 (3)(B), files this *Motion for Leave to Update Petition Out of Time* and states as follows to the Missouri Public Service Commission ("Commission"):

1. On March 3, 2026, MAWC filed a *Petition to Change a Water and Sewer Infrastructure Rate Adjustment (Petition)* with the Commission. MAWC seeks to change its water WSIRA and sewer WSIRA to provide for the recovery of costs for infrastructure system projects eligible for WSIRA recognition. This *Petition* was submitted in Files Nos. WR-2026-0160 and SR-2026-0161.

2. Pursuant to Commission Rule 20 CSR 4240-10.185 (3)(C), updates to the *Petition* were due by the 60th day following March 3, 2026. The 60th day was May 2, 2026.

3. According to a communication received from the Commission Staff on May 7, 2026, the *Petition* requires updating as follows:

MAWC still needs to provide the supporting invoices and workbook for April's expenses, as well as updated work papers for Appendix C, Appendix D, Appendix E, Appendix F, Appendix G, and their COS workpapers so that the updated appendices and COS workbook can include the actual expenses incurred from February to April.

4. Commission Rule 20 CSR 4240-2.050 (3)(B) provides, "(3) When an act is required or allowed to be done by order or rule of the Commission at or within a specified time, the

commission may-- . . . (B) After the expiration of the specified period, permit the act to be done where the failure to act was the result of excusable neglect or for other good cause shown.”

5. MAWC failed to update its *Petition* as described herein because its April books were not yet closed by the 60th day, which was May 2, 2026, and it was not therefore possible to update the *Petition* with the information in question.

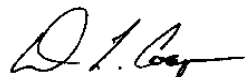

6. MAWC provided the update to Staff late on May 12, 2026, as its April books have since closed and the information in question is now available.

7. No party will be prejudiced by the granting of this motion and the public interest favors allowing the update because Section 393.1509.5(1), RSMo, requires that a WSIRA be calculated based upon the amount of infrastructure system project costs that are eligible for recovery during the period in which the WSIRA will be in effect and, in the absence of the update herein at issue, the correct amount of eligible infrastructure system project costs will not be available.

8. Staff counsel has advised MAWC that they do not object to the granting of this motion.

WHEREFORE, MAWC requests that the Commission, for good cause herein shown, issue an order permitting MAWC to provide the update herein at issue subsequent to May 2, 2026, as it has done on May 12, 2026; and granting such further and other relief as is just and proper in the circumstances.

Respectfully submitted,
