

# UNION ELECTRIC COMPANY

## GAS SERVICE

Applying to MISSOURI SERVICE AREA

### MISCELLANEOUS CHARGES

G. Opt-Out Charges

Applicable to General Rules & Regulations VII. Measurement of Service, Remote Meter Reading Opt-Out:

One-time setup charge \$100.00

\* Non-Standard Meter Charge - per month \$15.00

H. Excess Flow Valve (EFV) Charges

1. Installation of an EFV shall be made by the Company in the case of a new service line or a scheduled replacement of a service line, without charge to the following customers:

- Single family residences
- Multi-family residences
- Small commercial entities consuming natural gas volumes not exceeding 1,000 Standard Cubic Feet per Hour

2. Where customer requests an EFV on an existing service line without said device and where such service line is not otherwise scheduled for replacement, an EFV will be installed provided customer pays \$1200.00 to the Company in advance of such installation.

3. Installation of an EFV shall only be available where service is provided to a customer served from a delivery system with a pressure of ten (10) pounds per square inch or greater throughout the year, where the service line is connected directly to the gas distribution main, and where the Company has no engineering or other valid reasons for not installing the EFV.

I. Electronic Gas Meter (EGM) Equipment Charge

Sheet No. 10 Paragraph 2, Sheet No. 12 Paragraph 3 and Sheet No. 13 Paragraph F. - This EGM Meter Equipment Charge shall apply to transportation customers who enter into contracts with the Company for transportation service to be provided under the Company's Natural Gas Transportation Service tariff commencing after November 1, 2000 and that do not have an advanced meter installed.

Gas transported under the Natural Gas Transportation Service tariff shall be metered by an electronic recording device with remote monitoring features for the recording of the customer's daily gas usage and real time flow data. The transportation customer will pay the Company a monthly per meter charge for said metering as follows:

EGM Meter Equipment Charge.....\$21.00 per meter per month

\*Indicates Change.

## UNION ELECTRIC COMPANY GAS SERVICE

Applying to MISSOURI SERVICE AREA

VII. Measurement of Service (Cont'd.)

\* J. Remote Meter Reading Opt-Out

Customers receiving Residential Service have the option of refusing the installation of remotely read metering or requesting the removal of previously installed remotely read metering. In such instances, non-standard metering equipment will be installed that requires a manual meter read. Customers requesting non-standard metering service after April 1, 2017 will be charged a one-time setup charge and a monthly recurring Non-Standard Meter Charge for each non-standard meter requested. Charges are listed on Sheet No. 20, Miscellaneous Charges. Charges shall not be applicable to customers who have not been offered remote metering equipment by the Company due to geographic or similar considerations. Company expects to install up to thirty (30) non-standard meters per month within 20 business days of the request and will notify customer if installation will be delayed.

A customer that elects non-standard metering will have the option of self-reporting meter readings to Company by calling 1(814)258-9683 during normal business hours. Each bill will include a message indicating the time period that a customer will need to read and report the next meter reading for it to be useful in issuing the next bill. To the extent that bill adjustments occur to correct underbilling resulting from inaccurate readings supplied by customer the interest rate applicable to the adjustment shall not exceed five percent.

For all non-standard metering customers, Company will continue to need periodic access to the premises to maintain equipment and/or perform meter reading required by Commission rule 20 CSR 4240-13.020 Billing and Payment Standards. If a customer denies access to their premises for meter installation or replacement, either through verbal refusal, threats, or failure to establish an agreed-upon time for access, the Company will notify the customer in writing. The notification will state that continued refusal to allow installation of standard AMI metering equipment may result in disconnection of service in accordance with the notice procedures outlined in 20 CSR 4240-13.050. Non-standard metering will not be offered as an option in situations where the customer does not permit reasonable access for mandatory meter installation or replacement.

Metering equipment is normally located at or immediately adjacent to where a customer receives service as defined in the General Rules and Regulations, III. Distribution System Extensions, Point of Delivery of Service.

\*Indicates Change.
