

June 12, 2026

Ms. Nancy Dippell
Secretary of the Commission
Missouri Public Service Commission
200 Madison Street, Suite 100
Jefferson City, MO 65102-0360

Dear Ms. Dippell:

The tariff sheet listed below issued by Union Electric Company d/b/a Ameren Missouri (Ameren Missouri) was filed as a revision of Schedule No. 6, Schedule of Rates for Electricity, on June 12, 2026:

Filed
4th Revised Sheet No. 89.3

Canceling
3rd Revised Sheet No. 89.3

This tariff sheet is being issued June 12, 2026, to become effective on and after July 11, 2026.

The purpose of the proposed tariff revision is to implement the terms of the Order Approving Stipulation and Agreement and Granting Certificate of Convenience and Necessity, specifically item 8, of the Unanimous Stipulation and Agreement, in File No. EA-2024-0212.

This change that is required by the stipulation was overlooked in Ameren Missouri's prior tariff filing JE-2026-0145. As that tariff revision has been suspended, this tariff change is likely to become effective on or before the date the Rider CSP rate is effective and customers are receiving service. With this being the case, Ameren Missouri chose to file this sheet separately rather than withdraw the prior filing.

The proposed tariff sheet was shared with Commission Staff prior to filing.

Sincerely,

/s/ Jennifer L. Hernandez
Corporate Counsel
