

APPLYING TO

MISSOURI SERVICE AREA**GENERAL RULES AND REGULATIONS****VIII. EMERGENCY ENERGY CONSERVATION PLAN****A. CURRENT AND PROJECTED EMERGENCY CONDITIONS**

This section of the Company's General Rules and Regulations reflects the Company's Emergency Energy Conservation Plan (the "Plan"). Upon declaration by the Reliability Coordinator of the occurrence of a capacity emergency event or a transmission system emergency event, the Company will take the steps required by the plans and procedures listed in the Plan Components section below. If such emergency event reaches the stage where the Company is directed to take, or begins to take, actions to preserve firm load, then it will, as soon as practical, notify the Commission's Staff of the occurrence of the event and the steps being taken.

***B. PLAN COMPONENTS**

1. Plans, Procedures, and Standards - The Company will comply with the following:

- (a) MISO's Market Capacity Emergency Operating Procedure;
- (b) NERC's Emergency Operations;
- (c) the Ameren Capacity and Emergency Plan;¹ and
- (d) the Ameren Load Reduction Procedure.²

2. Defined Essential Services - If interruption of circuits becomes necessary to address an emergency, the Company will first interrupt circuits that are not critical for the operation of the system or that do not serve critical loads. Critical loads consist of the following:

- (a) Certain ambulatory health care, hospital services, and *nursing homes (*that provide medical care in a clinical setting);
- (b) Defense communication network centers;
- (c) Civil defense facilities;
- (d) Prisons;
- (e) Police, fire control, and first responder facilities that operate full-time;
- (f) Potable water supply;
- (g) Natural gas transmission;
- (h) Sewage treatment;
- (i) Transportation hubs, such as airports and bus depots;
- (j) Registered heating/cooling centers.

** If interruption of circuits that do not serve critical loads is insufficient to address the emergency, the Company shall have the discretion to interrupt circuits that serve critical loads to the extent necessary to address the emergency.

*Indicates Change. **Indicates Reissue.

^{*1} Items (a) - (c) are available by accessing Ameren Missouri's tariffs available at www.ameren.com/missouri. Item (d) contains energy infrastructure information critical to system operation that is not available to the public due to safety and security considerations on the bulk power system.

^{*2} Items (c) and (d) are required by NERC, and have been reviewed and approved by the Reliability Coordinator.

3. Additional Emergencies - In the event the Company determines that an emergency affecting its system, that has not been declared by the Reliability Coordinator, exists or is imminent and, in its role as the Local Balancing Authority, the Company will take such actions as deemed necessary and practical in the judgment of its system operations personnel to address such an emergency. The notice requirements of the Plan shall apply to such Company actions the same as if an event had been declared by the Reliability Coordinator.

C. CUSTOMER NOTIFICATION

The Company will provide notice to its customers of steps taken pursuant to the Plan when the severity of the emergency rises to the level of public appeals for energy conservation. Notice will be provided by appropriate releases to the news media and, to the extent practical and in accordance with procedures deemed appropriate by the Company, by direct contact (telephonic, written or personal) with its large commercial and industrial customers.

D. DAILY MONITORING

Upon direction from the Reliability Coordinator to take steps under the Plan as outlined above, the Company will follow the direction of Reliability Coordinator to continue taking such steps or such additional steps as it is directed to take consistent with applicable procedures and plans. The Company will notify the Commission's Staff when the event for which the Company provided notice pursuant to subsection A or subsection B.4 is concluded, and will notify its customers to the extent they had previously been advised that steps under the Plan were being taken.

E. LIABILITY OF COMPANY

The Continuity of Service obligation provisions contained in the General Rules and Regulations, Section I. General Provisions at Paragraph J are incorporated herein.
