ORDER APPROVING TARIFF

On December 22, 1992, Phoenix Network, Inc., d/b/a Office Depot Communications (Applicant) was granted a certificate of service authority to provide intrastate interexchange telecommunications services in Missouri. This certificate of service authority was ordered not to become effective until the Commission approved the Applicant's tariffs. Applicant was further ordered to submit proposed tariffs within thirty (30) days.

On January 19, 1993, Applicant submitted its proposed tariff reflecting the rates, rules and regulations it intends to use in providing its competitive services in Missouri. On February 3, 1993 Applicant filed a substitute tariff sheet. A Staff recommendation was filed on February 8, 1993, in which the Commission Staff recommended that the Commission approve Applicant's tariff. Applicant is proposing to provide switched telecommunication services including "1+" long distance services, WATS, 800 services and travel card services. The submitted tariffs reflect the statutory and regulatory requirements which were waived by the Commission.

Having considered the Applicant's tariffs and the Staff's recommendation, the Commission finds that the proposed tariff details services, equipment and pricing offered to all potential customers, and that the tariff is similar to the approved tariffs for other Missouri certificated interexchange carriers that provide similar services. The Commission has also found that the

tariff sheets filed by Applicant on January 19, 1993 and supplemented by a substitute tariff sheet on February 3, 1993 comply with the Commission's order and should be approved for service on and after February 19, 1993.

IT IS THEREFORE ORDERED:

1. That the tariff sheets filed by Phoenix Network, Inc., d/b/a Office Depot Communications on January 19, 1993 and supplemented by a substitute tariff sheet on February 3, 1993 are hereby approved for service on and after February 19, 1993:
