ORDER GRANTING TIME TO REMEDY DEFICIENCY IN APPLICATION TO INTERVENE

Issue Date: August 13, 2026

Effective Date: August 13, 2026

On July 1, 2026, Missouri-American Water Company (Missouri-American) filed tariff sheets designed to initiate a general rate case. Missouri Industrial Energy Consumers (MIEC) filed a timely application to intervene on July 15, 2026.

On July 20, 2026, Missouri-American Water Company (Missouri-American) filed a pleading opposing MIEC's intervention. Missouri-American noted that MIEC is in a state of administrative dissolution and its intervention is not for the purpose of winding up its affairs. Missouri-American argues that because MIEC's intervention is not to wind up affairs, it is not acting as an incorporated association, but as an unincorporated association. Missouri-American stated that pursuant to Commission Rule 20 CSR 4240-2.075(2)(D) an applicant that is an unincorporated association must include a list of all its members.

On July 20, 2026, MIEC filed an amended motion to intervene that included the identity of its members. However, Missouri-American previous opposition also noted that under Commission Rule 20 CSR 4240-2.075(4) the association is not granted intervention, but its members are. Each member of the association must be treated as a separate party.

The Commission agrees with Missouri-American. If MIEC seeks intervention for its members, they should intervene as distinct parties. Accordingly, the Commission will allow MIEC to remedy the deficiency.

THE COMMISSION ORDERS THAT:

1. MIEC may remedy the deficiency set out in the body of this order no later than August 20, 2026, if its individual members still seek intervention in this case.
2. This order is effective when issued.
