Case No. GR-2026-0316

MOTION FOR EXPEDITED TREATMENT

COMES NOW Spire Missouri Inc. (“Spire Missouri” or “Company”), by and through counsel, and, pursuant to Rule 20 CSR 4240-2.080 (14) submits this Motion for Expedited Treatment to the Missouri Public Service Commission (“Commission”) to permit the Revised Tariff Sheet filed by the Company on this date to become effective on September 7, 2026. In support thereof, the Company states as follows:

1. On August 17, 2026, Staff of the Missouri Public Service Commission (“Staff”) issued its *Staff Recommendation*.
2. On August 21, 2026, Spire Missouri filed its *Response to the Staff Recommendation* accepting Staff’s recommended revenue requirements. No other party filed a response to the *Staff Recommendation* or to Spire Missouri’s *Response to the Staff Recommendation*.
3. On August 26, 2026, the Commission issued its *Order Approving Infrastructure System Replacement Surcharge*, in which it rejected the tariff sheet originally filed by Spire Missouri on November 21, 2025, and authorized the Company to file a tariff revision sufficient to recover ISRS revenues consistent with the *Staff recommendation*. The Commission found it reasonable to make its order effective in less than 30 days and made its order effective September 5, 2026.

4. In compliance with the Commission's Order, the Company has contemporaneously filed, with this Motion for Expedited Treatment, a revised tariff sheet to recover the ISRS revenues authorized by the Commission.

5. The purpose of this Motion for Expedited Treatment is to request the Commission approve the Company's revised tariff sheet filed on this date to become effective on September 7, 2026, if practical.

6. Commission Rule 20 CSR 4240-2.080 (14) (B) requires that a motion for expedited treatment set out the "harm that will be avoided, or the benefit that will accrue," and include "a statement of the negative effect, or that there will be no negative effect on the party's customers or the general public" if the Commission acts as requested. Spire Missouri submits that the benefit that will accrue by expedited approval is that the Company will be able to timely recover the investments that it has made into maintaining its safe and reliable system for its customers. The harm that will be avoided is delayed recovery of these prudent infrastructure investments. At the same time, there will be no negative impact on the Company's customers or the general public if the Commission grants such relief. Further, as the Commission has ordered Staff's recommended ISRS revenue requirements, there will be no additional burden on Staff, or any other party, to review the revised tariff sheet before the requested effective date. For all of these reasons, Spire Missouri submits that there is good cause for the Commission to approve the proposed tariff to become effective on September 7, 2026.

7. This pleading was filed as soon as it could have been following the Company's preparation and filing of the revised tariff sheet implementing the terms of the Order issued by the Commission in this case on August 26, 2026.

WHEREFORE, for all the foregoing reasons, Spire Missouri respectfully requests that the Commission consider and grant this Motion for Expedited Treatment and approve the revised tariff sheet to become effective on September 7, 2026.

Respectfully submitted,

/s/ J. Antonio Arias
