ORDER EXTENDING TIME FOR REVIEW

Issue Date: November 6, 2015

Effective Date: November 6, 2015

The Commission opened this working case in 2010 to facilitate Staff's review of the Commission's rules regarding fuel adjustment clauses for electric utilities. On February 4, 2015, in response to a request made by various stakeholders, the Commission directed Staff to complete its review and file its recommendations regarding changes to the fuel adjustment clause rules by September 15. The Commission later extended that completion date to November 20.

Staff has continued its review and has discussed possible rule changes with the stakeholders at a series of workshops. But on November 4, Staff filed a motion asking that the date for completion of Staff's review be extended until February 15, 2016. Staff explains that more time is needed to allow stakeholders additional time to collaborate on revisions to Staff's recommendations.

The Commission finds that the request for additional time is reasonable and will grant that request.

THE COMMISSION ORDERS THAT:

1. Staff's Motion for Extension of Staff Recommendation is granted.

2. The Commission's Staff shall complete its review and provide the Commission with its recommendation regarding changes to the fuel adjustment clause rules by February 15, 2016.

3. This order shall be effective when issued.
