VIA EFIS

Secretary Dippell
Missouri Public Service Commission
Governor Office Building
200 Madison Street
Jefferson City, MO 65101

Dear Secretary Dippell,

Enclosed herewith for filing with the Missouri Public Service Commission are revised tariff sheets, P.S.C. MO. No. 9, Sixth Revised Sheet No. 11.7 for the eastern Missouri operating division and P.S.C. MO. No. 9, Seventh Revised Sheet No. 11.8 for the western Missouri operating division of Spire Missouri Inc. d/b/a Spire (the "Company"). These tariff sheets, which have an issue date of October 23, 2026 and an effective date of November 6, 2026, provide the Company's revised Purchased Gas Adjustment ("PGA") rates. These PGA rates reflect changes to the Current Cost of Gas and the Actual Cost Adjustment.

Spire East's charges for gas will change from $0.61674 to $0.54255 per ccf; and Spire West's charges for gas will change from $0.67976 to $0.75012 per ccf.

The increase for Spire West is due to higher costs associated with interstate pipelines. Even with these higher prices, natural gas remains the most affordable energy source for heating, water heating, and cooking.

The PGA rate for Spire West will increase the average monthly bill of the typical residential customer by $4.02 (3.93%). For Spire East, the average monthly bill will decrease by $4.66 (4.79%). Such bill impacts may be less or more depending on a customer's actual usage, which is primarily affected by weather.

Thank you for bringing this matter to the attention of the appropriate Commission personnel.

Sincerely,

/s/ Antonio Arias
