BEFORE THE PUBLIC SERVICE COMMISSION OF THE STATE OF MISSOURI

In the Matter of Evergy Missouri West, Inc. d/b/a Evergy Missouri West's Request for Authority to Implement A General Rate Increase for Electric Service	))))	Case No. ER-2027-0077

EVERGY MISSOURI WEST'S NOTICE OF LATE-FILED SCHEDULE OF WITNESS JP MEITNER

COMES NOW, Evergy Missouri West, Inc. d/b/a Evergy Missouri West ("EMW" or the "Company"), by and through their counsel and, for their *Notice of Late-Filed Schedule* ("Notice"), states to the Missouri Public Service Commission ("Commission") as follows:

1. On November 3, 2026, the Company filed direct testimony of Company witness JP Meitner ("Meitner Direct") in this docket.

2. Consistent with conditions set forth in the *Report and Order* issued in File No. EA-2025-0075[1], in his testimony, Mr. Meitner discusses the Natural Gas Fuel Supply Plan:

> **Q: Please explain what the future Natural Gas Fuel Supply Plan will be.**
>
> A: As discussed above, Evergy is working on a comprehensive natural gas fuel supply plan to be consistently used across all Evergy jurisdictions. The purpose of the future plan is to reduce both deliverability risk and price risk of natural gas supply. Evergy continues to evaluate the new fuel supply plan and will have the final details of the plan filed before the end of 2026.[2]

[1] "90. A condition stated in the Agreement is that Evergy Missouri West agrees to collaborate with Staff and OPC during the development of a Gas Purchasing Plan, and to file the results of the plan as a compliance filing in this docket. The filing of such a plan, along with any collaborative meetings would not imply pre-approval or prudence review acquiescence regarding the initial plan or any updates or changes. Thereafter, until the time the Projects are placed in service, Evergy Missouri West agrees to meet annually with Staff, MECG, and OPC to discuss potential revisions to the Gas Purchasing Plan.
91. Another condition in the Agreement states that no later than two years prior to the in-service date of any of the Projects, Evergy Missouri West will file a case that reconsiders the hedge requirement approved in Case No. ER-2024-0189,106 in light of the current circumstances, natural gas commodity prices and volume risks, and the new natural gas demand of the Projects. This Natural Gas Hedging Plan shall be filed in the annual compliance filing referenced above, as well as any subsequent updates to the plan. The Natural Gas Hedging Plan shall include but not be limited to the Projects that are the subject of this case." *Report and Order*, pp. 25-26, ¶90-91, issued July 31, 2025.

[2] See Meitner Direct, p. 27, lns. 3-8.

3. EMW has held several collaborative meetings were held with Staff ("Staff") for the Commission and the Office of the Public Counsel ("OPC") to develop the above-referenced Natural Gas Fuel Supply Plan, which is attached hereto as late-filed **Confidential Schedule JM-5**.

4. For the convenience of the parties, an updated copy of the Meitner Direct with the late-filed Confidential Schedule JC-5 is attached herewith.

WHEREFORE, the Company submits this Notice to the Commission.

Respectfully submitted,

/s/ Cole Bailey
