**FINAL OFFER**

Come now Global Crossing Local Services, Inc. and Global Crossing Telemanagement, Inc. (collectively, "Global Crossing"), pursuant to Sections 251 and 252 of the federal Communications Act of 1934, as amended (the "Act"), and 4 CSR 240-36.040(5)(D), and hereby submit their final offer regarding the Petition for Arbitration filed by Southwestern Bell Telephone Company ("ATT"), stating the following:

1. Global Crossing submits as its final offer the language contained in the Disputed Points List ("DPL") attached hereto. This DPL is materially the same as the DPL attached to the ATT Petition as Exhibit B.

2. This final offer meets the requirements of section 251 of the Act, including the rules prescribed by the Missouri Public Service Commission ("Commission") and the Federal Communications Commission ("FCC") pursuant to that section.

3. This final offer meets the requirements of section 252(d) of the Act, including the rules prescribed by the Commission and the FCC pursuant to that section.

4. The language that Global Crossing has proposed will be, if adopted by the Commission, included in the interconnection agreement with AT&T. These terms will be implemented immediately upon Commission approval of the interconnection agreement, as they apply to charges which AT&T will impose for VoIP-related traffic and Global Crossing orders for dark fiber. In both cases, the terms will not be implemented gradually or over time, but must be followed immediately upon Commission approval of the ICA.

Wherefore, Global Crossing requests that the Commission consider its Final Offer.

Respectfully submitted,
