Maps are a general representation of coverage. They are for illustrative purposes only. Wireless service is subject to limitations and may vary based on system availability and capacity, customer equipment, terrain, signal strength, buildings, weather and other conditions. Service outside the Alltel network, although depicted on our maps, is based on information from other carriers or publicly available information, and we cannot guarantee its accuracy. Important Information About the Coverage Map

Map may include areas served by unaffiliated carriers, and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. AT&T does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber.
