NOTICE REGARDING MOTION FOR ADMISSION OF LATE-FILED
EXHIBIT OR ADMINISTRATIVE NOTICE

Issue Date: January 9, 2008

Ozark Energy Partners has filed a motion as described above. The Company requests the Commission to either admit as evidence or take administrative notice of a stipulation and agreement filed in this case on November 21, 2007.

Because the agreement is filed in this case, the Commission is aware of it and will take it under consideration. However, because a stipulation and agreement has no probative value, it will not be admitted as evidence. Also, because it is filed in this case, as opposed to being a document in a separate matter, the Commission will not "take administrative notice" of it.

Therefore, rather than deny the motion filed by Ozark which may lead to the incorrect assumption that the Commission will not consider the agreement, the Commission

instead issues this notice to assure Ozark and the parties to the agreement that the agreement is a part of this record and will be considered by the Commission.
