

Exhibit C

MAYORS for 100% CLEAN ENERGY ENDORSEMENT

I, Mayor Quinton D. Lucas of Kansas City, MO support a goal of 100 percent clean, renewable energy in my city and across the United States.

I believe that a transition to 100 percent clean energy is good for my community: It will make us stronger, healthier, and more resilient; it will create jobs and new business opportunities; and it will allow us to become a more equitable society where everyone has opportunity in a thriving local economy.

Nearly 200 nations have agreed, for the first time in history, that the world must achieve 100 percent renewable energy by the end of this century. In the United States, action by local government is already

a significant driver of renewable energy growth because cities know firsthand that steps to reduce carbon emissions, clean the air, strengthen the economy, and improve lives.

Positive, bipartisan, community-driven solutions are possible and already happening in our community. I will continue to work with all stakeholders to transition away from dirty energy and implement local, affordable solutions like energy efficiency, solar, wind, and pollution-free electric transportation.

To join Mayors For 100% Clean Energy, please print and sign the statement below, and send a scanned copy to mayors4cleanenergy@sierraclub.org.

I hereby pledge to work with my community to realize a vision of 100 percent renewable energy in
